

**ENVIRONMENTAL PROTECTION'S CONTRIBUTION TO SUSTAINABLE DEVELOPMENT GOAL 4:***Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all***Supporting Target(s): 4.4****ICAO Activity**

ICAO is supporting the achievement of SDG 4 by convening hands-on training Seminars and Symposia for Member States focused on the exchange of latest knowledge on environmental subjects, as well as assisting States to implement environment-related ICAO policies, Standards and Recommended Practices ([SARPs](#)) and guidance, providing inclusive and equitable quality education to all.

This includes training Seminars on States' Action Plans to reduce CO<sub>2</sub> emissions from international civil aviation (more than 130 Focal Points trained) [[https://www.icao.int/environmental-protection/Pages/ClimateChange\\_ActionPlan.aspx](https://www.icao.int/environmental-protection/Pages/ClimateChange_ActionPlan.aspx)], the [Global Aviation Dialogues](#) and the Regional Seminars and Workshops on the Carbon Offsetting and Reduction Scheme for International Aviation ([CORSIA](#)), ICAO's landmark agreement adopted by the 39th Assembly in 2016. [<https://www.icao.int/Meetings/RS2017>], [<https://www.icao.int/Meetings/RS2018>], [<https://www.icao.int/Meetings/RS2019>].

In partnership with [UNITAR](#) and under the ICAO-EU joint assistance project, ICAO developed a [tutorial](#) on States' Action Plans.

ICAO also developed a three-day [CORSIA Verification Course](#) that provides training on how to verify CO<sub>2</sub> Emissions Reports that are prepared by aeroplane operators, in accordance with the provisions of Annex 16, Volume IV.

In addition, ICAO launched the ICAO ACT-CORSIA (Assistance, Capacity-building and Training for the CORSIA) Programme, to harmonize and bring together all relevant actions and promote coherence to capacity building efforts related to CORSIA implementation.
