

ICAO

ICAO CARBON EMISSIONS CALCULATOR

The Official UN Tool to Quantify Air Travel CO₂ Footprint

WHY IT MATTERS

- Understand the CO₂ footprint of your flights.
- Compare travel choices more transparently.
- Support climate-conscious decision-making.
- Contribute to ICAO global aspirational goal of net-zero carbon emissions by 2050.

Scan the QR code to estimate your flight's CO₂ on the ICEC website

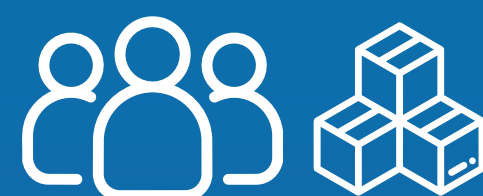

HOW IT WORKS

Enter origin & destination airports

Select passenger or cargo

Add trip details (passengers or freight weight)

Choose cabin class (if applicable)

Get your estimated CO₂ emission results
