2023 ICAO STOCKTAKING AND PRE-CAAF/3 POLICY AND FINANCE CONSULTATION

11 to 13 July 2023
Montréal, ICAO Headquarters

Judit Scarlett De Leon
Sustainable Development Coordinator
Dominican Institute of Civil Aviation, IDAC

APER
Promotion of Sustainable Aviation Fuels
(DRWG 6)

RECENT DEVELOPMENTS

Since the last update to the CO2 action plan

• STAKEHOLDERS

- Identified new stakeholders and redefined their participation in the production of SAF's

• COOPERATION

- Cooperation agreements for the exchange of experience with national and international organizations signed

• PROMOTE

- Promotion of local production and sustainable use of SAF's

1. Punta Cana Declaration: Dominican Republic Agreement with the name Declaración conjunta IDAC-Biocombustibles <https://www.idac.gob.do/proteccion-al-medio-ambiente/>
2. Dominican Republic APER, with name Plan de Acción Sobre Reducción Emisiones de CO₂, 4ta edición 2021 <https://www.idac.gob.do/proteccion-al-medio-ambiente/>

Feasibility Study on the use of Sustainable Aviation Fuels

SYMPOSIUM ON BIOFUELS

WIDER CARIBBEAN · EU REGIONAL
CONFERENCE ONSARGASSUM

COP27 Egypt

ROUND TABLE FOR SUSTAINABLE AVIATION FUEL (SAF's)

COOPERATION

• MEETINGS

- Public institutions were asked to designate a technical contact and decision maker to be part of the table.
- So far there have been 5 meetings.
- New members were added to the SAF's board: INDOCAL, REFIDONSA, scientific community.

• SIGNATURE

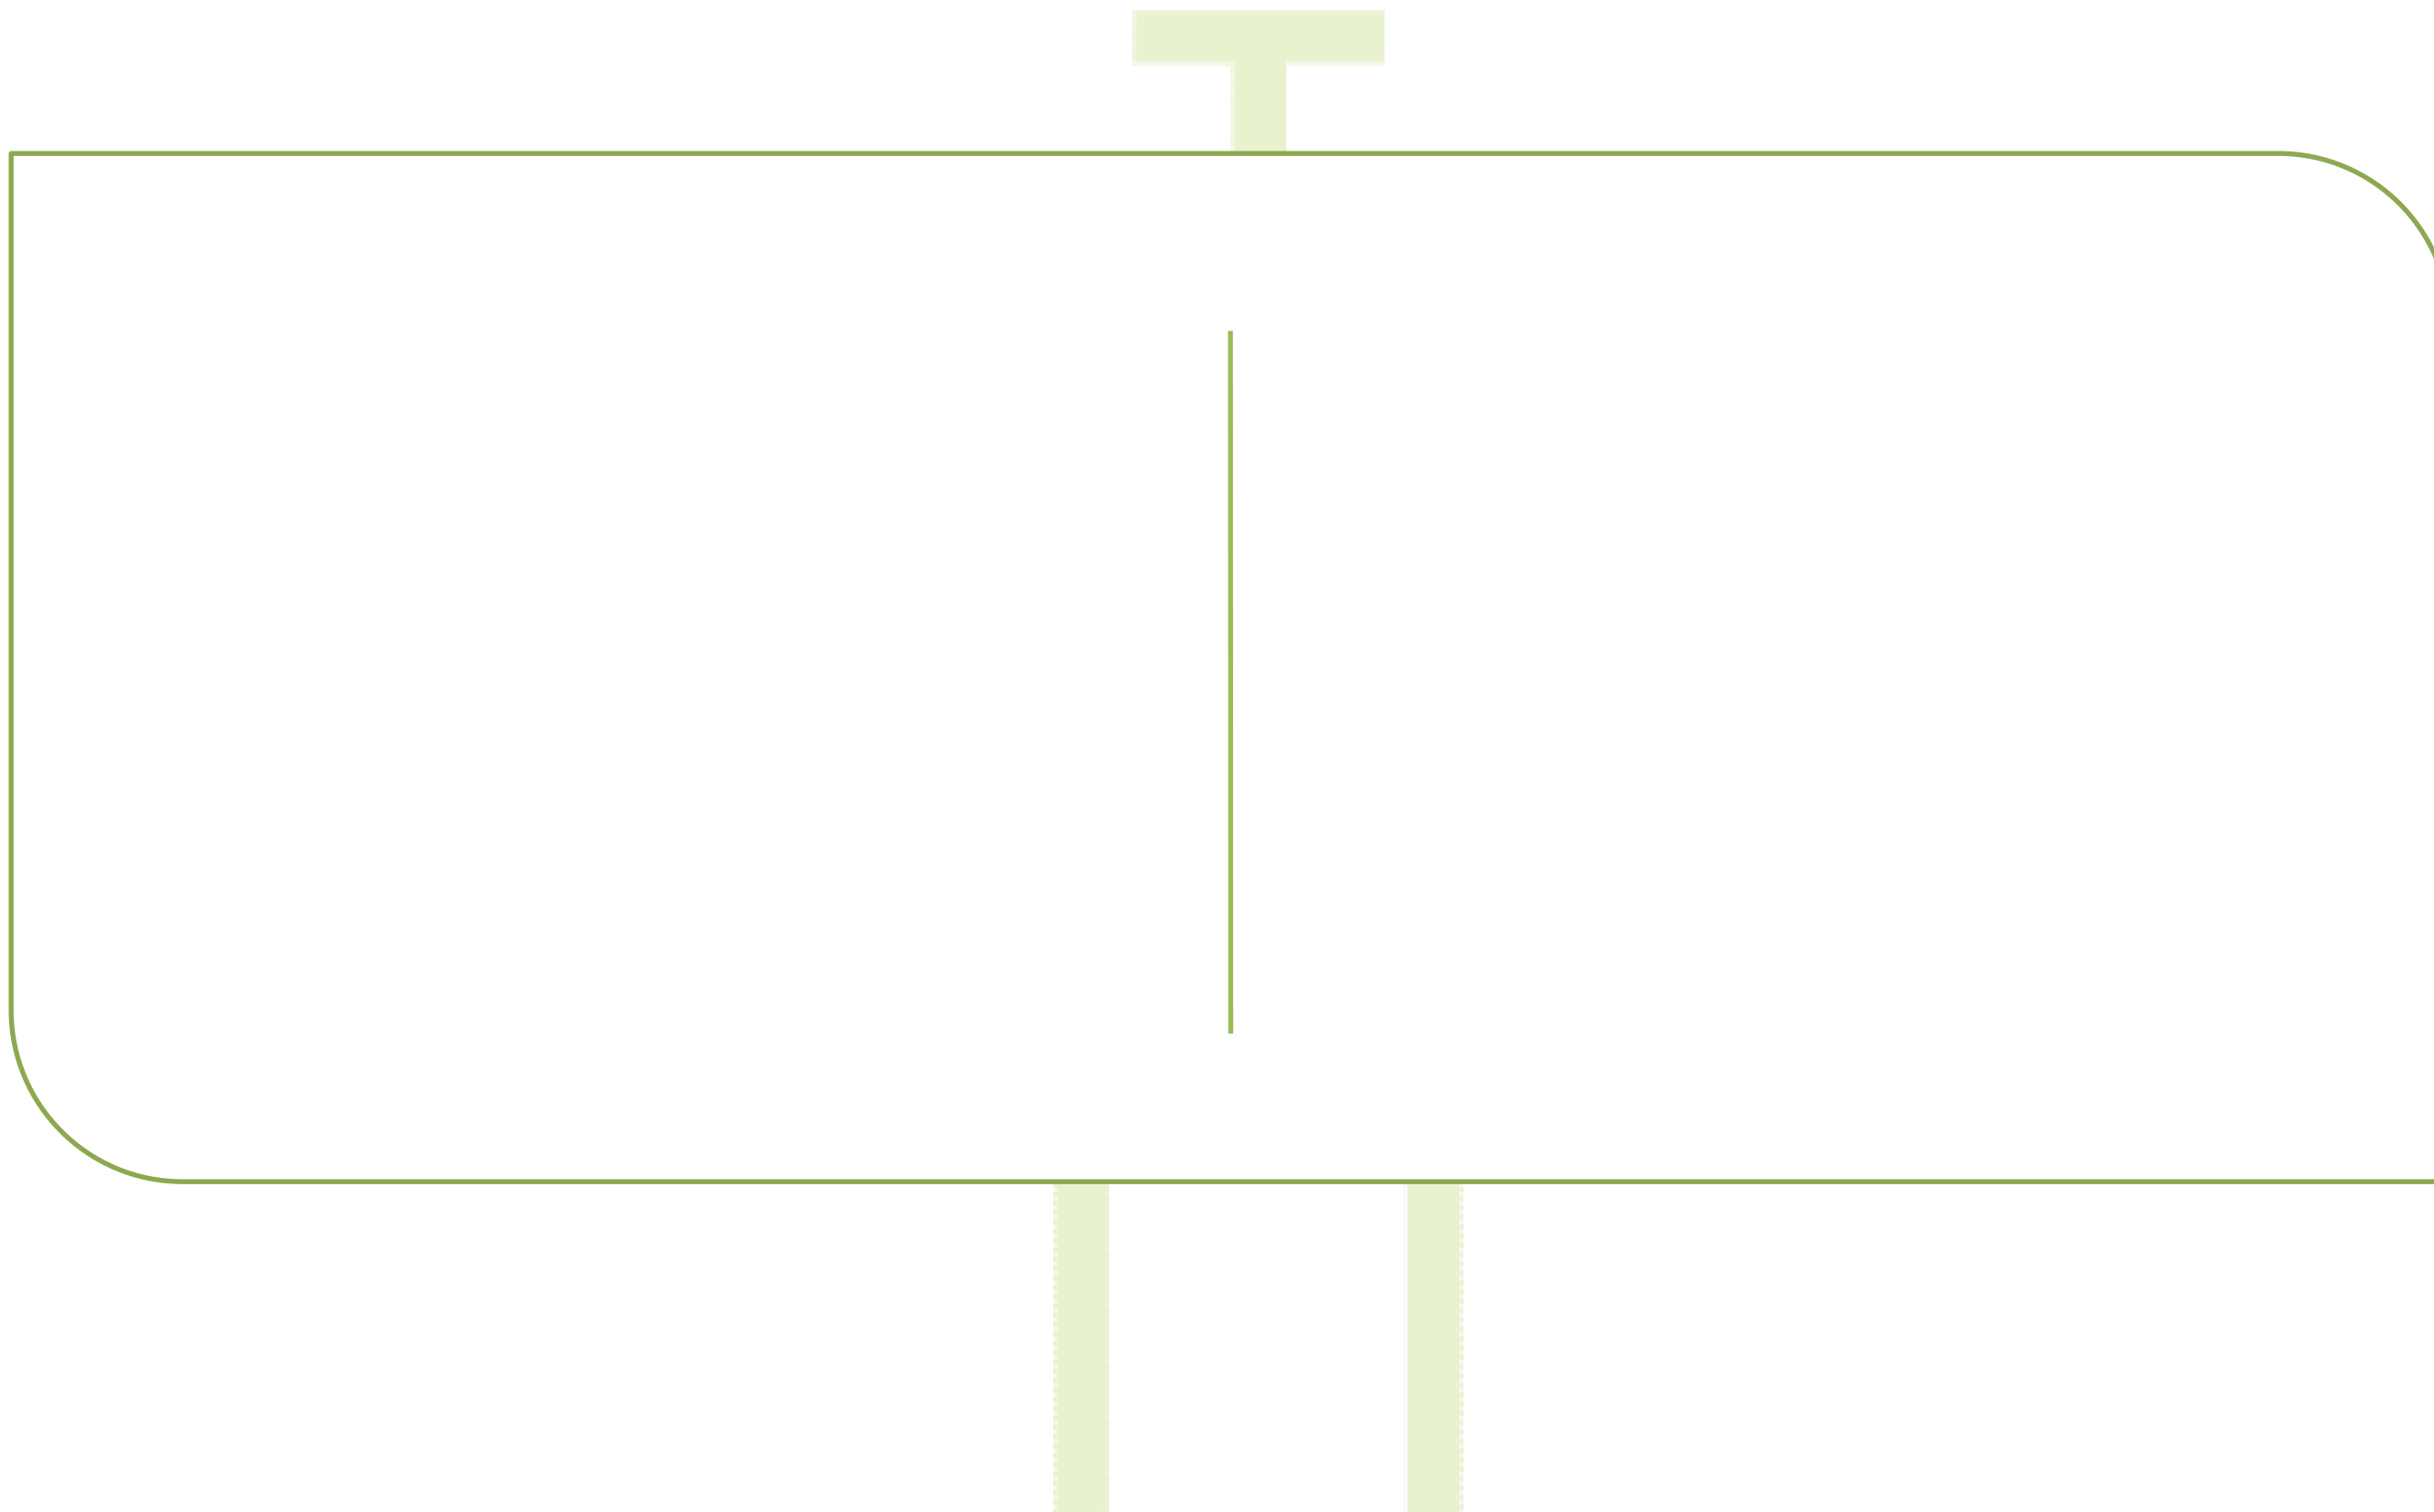

- The Punta Cana Declaration was modified (now known as the Declaration of Santo Domingo) and a round table sustainable aviation fuels was conformed.
- A new road map was prepared by the round table.
- COCESNA.

• PROJECTS

- ASCENT93, This project is important because it has the objective of developing capacities for sustainable fuel for aviation, a subject of little knowledge for the authorities that regulate fuel in the Dominican Republic.

Opportunities and Challenges

Thank You
