Financing the decarbonization of the aviation sector: Focus on the ICAO Fininvest Hub

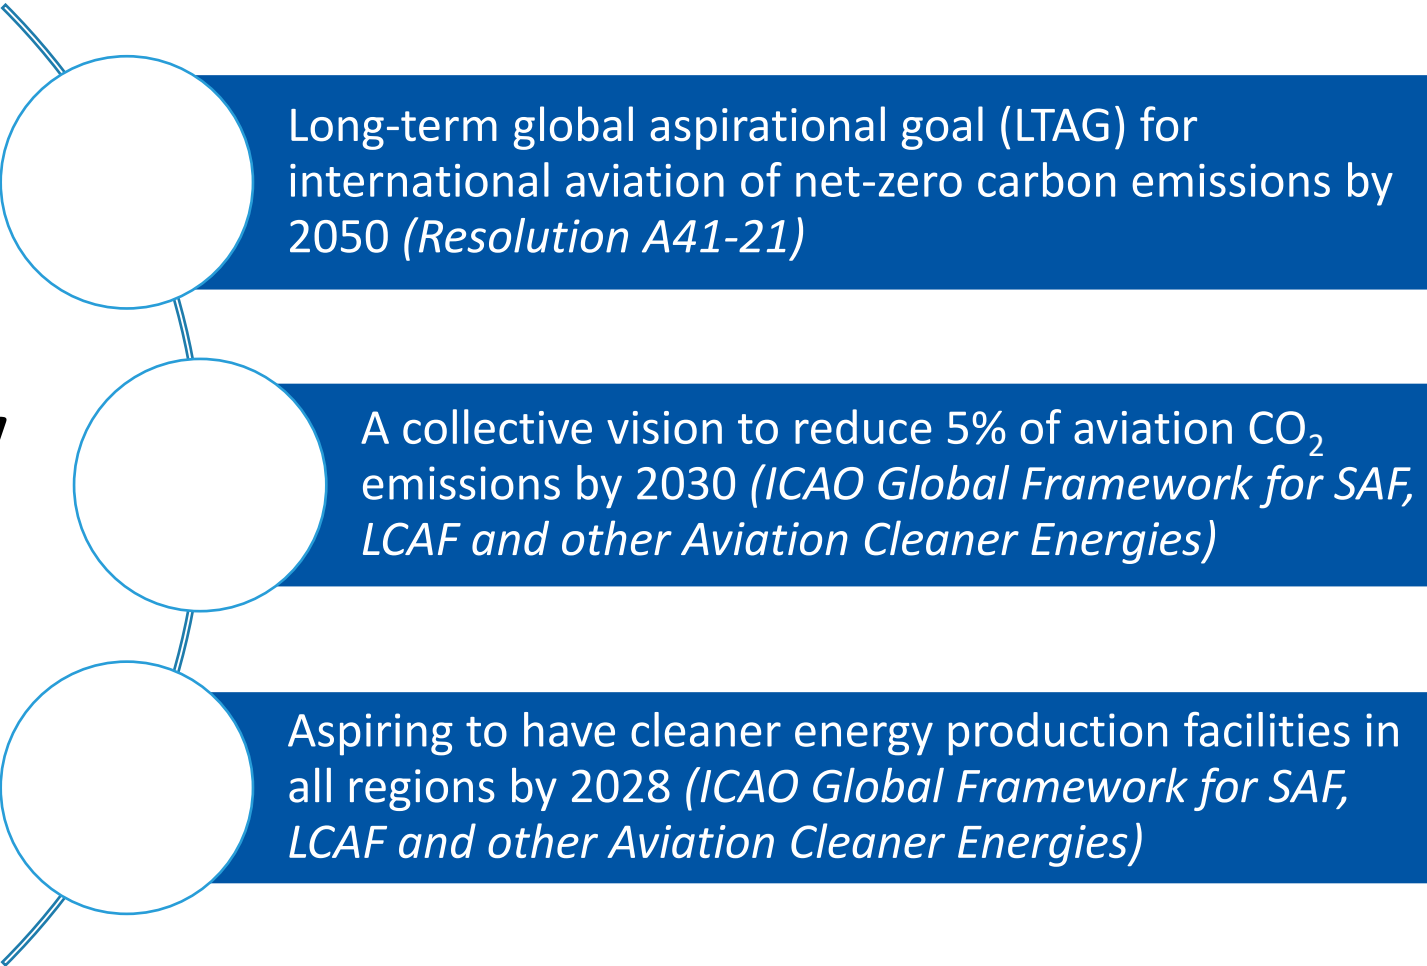

Juan Carlos Salazar

Secretary General

International Civil Aviation Organization (ICAO)

ICAO's mandate on climate change

Aviation is Environmentally Sustainable

Long-term global aspirational goal (LTAG) for international aviation of net-zero carbon emissions by 2050 (*Resolution A41-21*)

A collective vision to reduce 5% of aviation CO₂ emissions by 2030 (*ICAO Global Framework for SAF, LCAF and other Aviation Cleaner Energies*)

Aspiring to have cleaner energy production facilities in all regions by 2028 (*ICAO Global Framework for SAF, LCAF and other Aviation Cleaner Energies*)

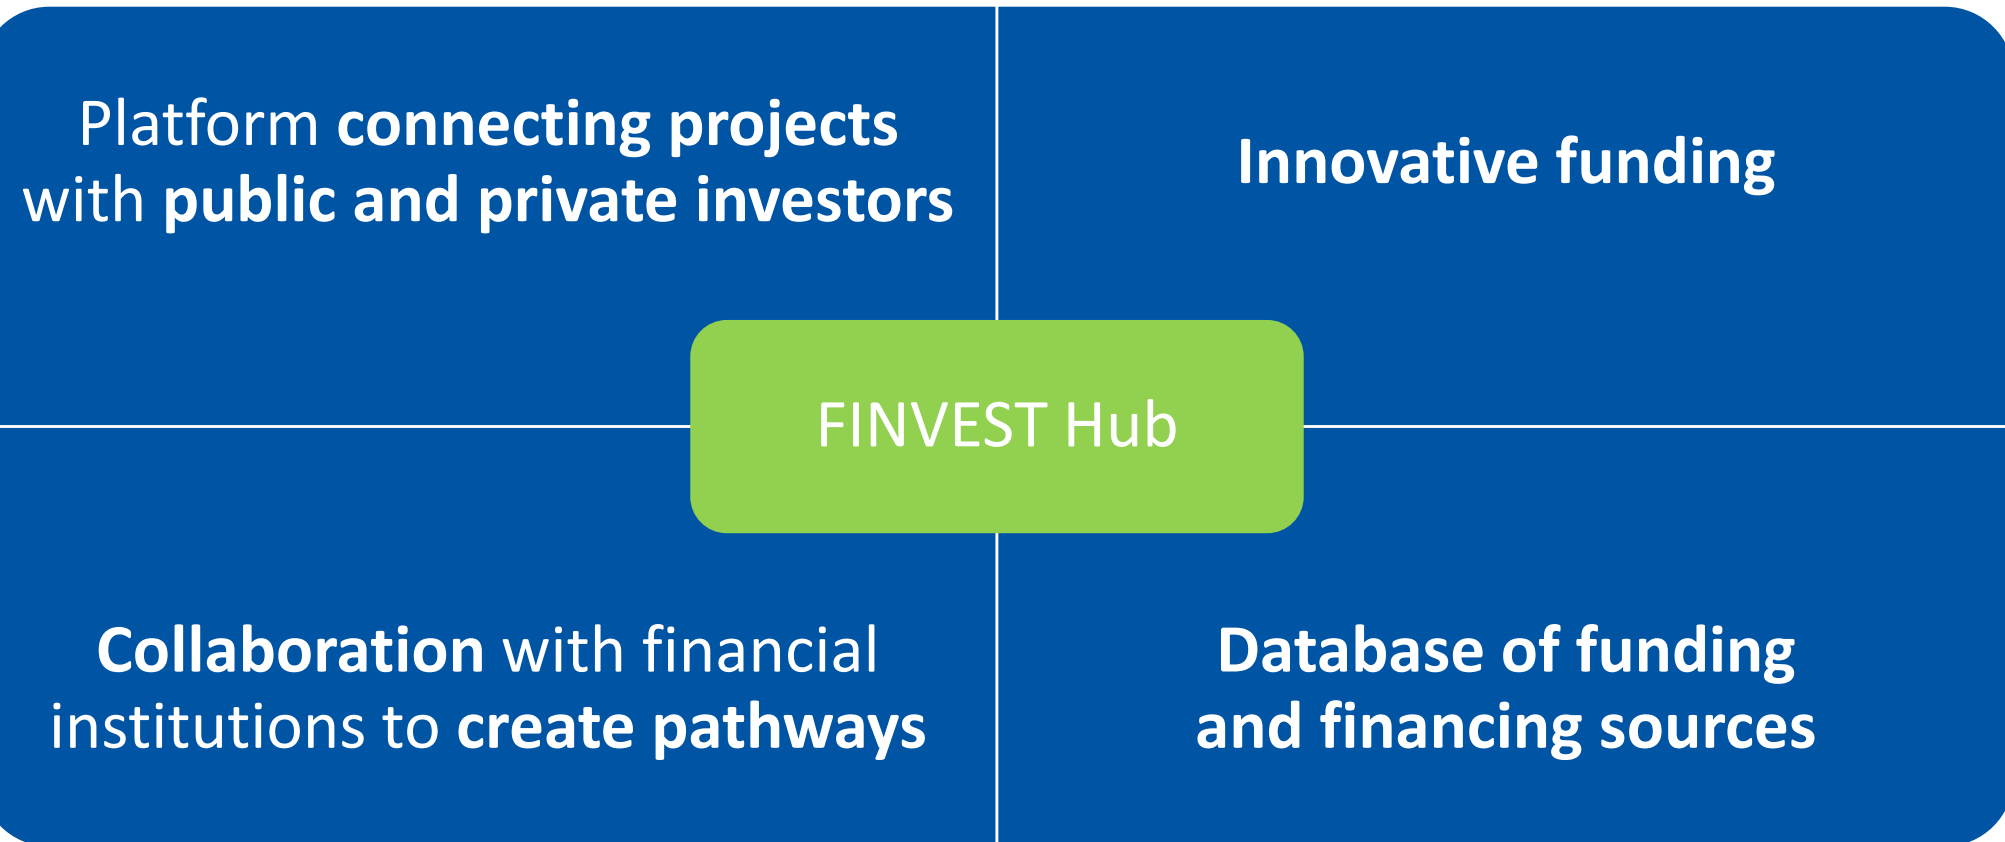

How to implement ICAO's mandate on SAF, LCAF and other aviation cleaner energy sources?

ICAO Global Framework Implementation Roadmap

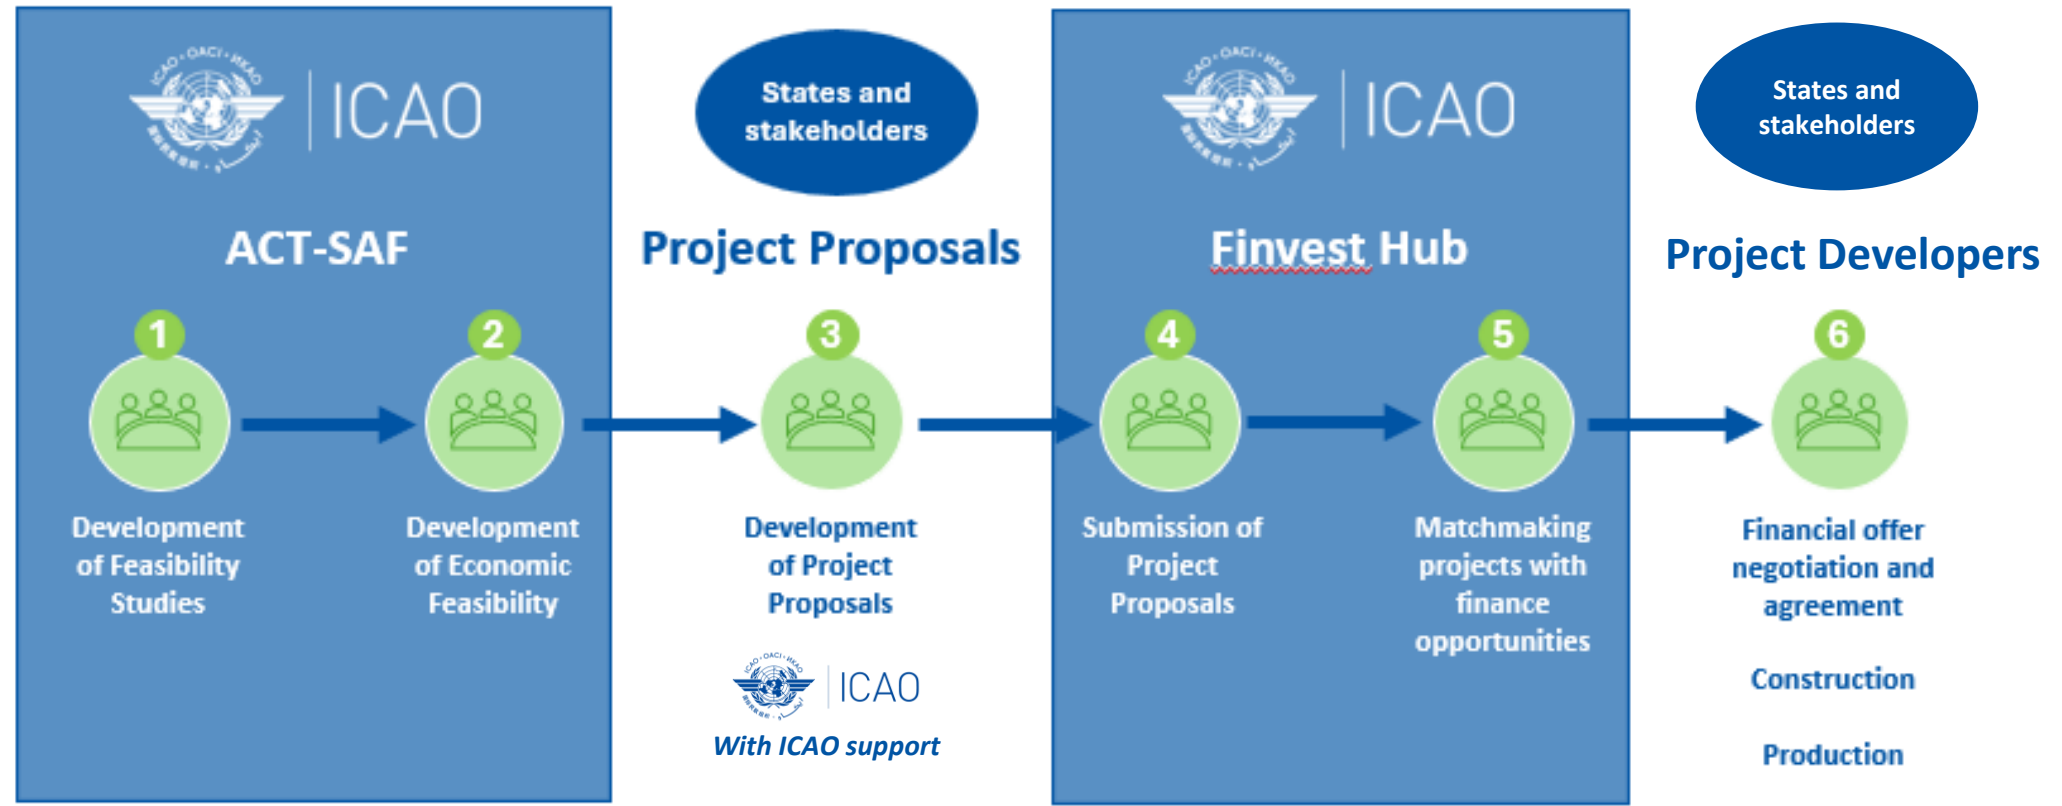

(adopted by the Council during the 232nd Session)

Policy and Planning	Regulatory Framework	Implementation support	Financing
---------------------	----------------------	------------------------	-----------

Focus on Financing: development of ICAO Finvest Hub

A continuum of capacity-building and assistance activities

Planned actions

Advocacy and Outreach

Dialogues on financing needs

Opportunities to increase public and private capital for projects, particularly on SAF, LCAF and other aviation cleaner energies.

Amplify messages on financing sustainable development.

Facilitate better access to financing

Structure the architecture of the Fininvest Hub:

Internally: establish a dedicated team

Externally: form the relevant bodies and rationalize available expertise

Gain expertise on climate finance

Active participation from all SAF stakeholders

Stimulate participation

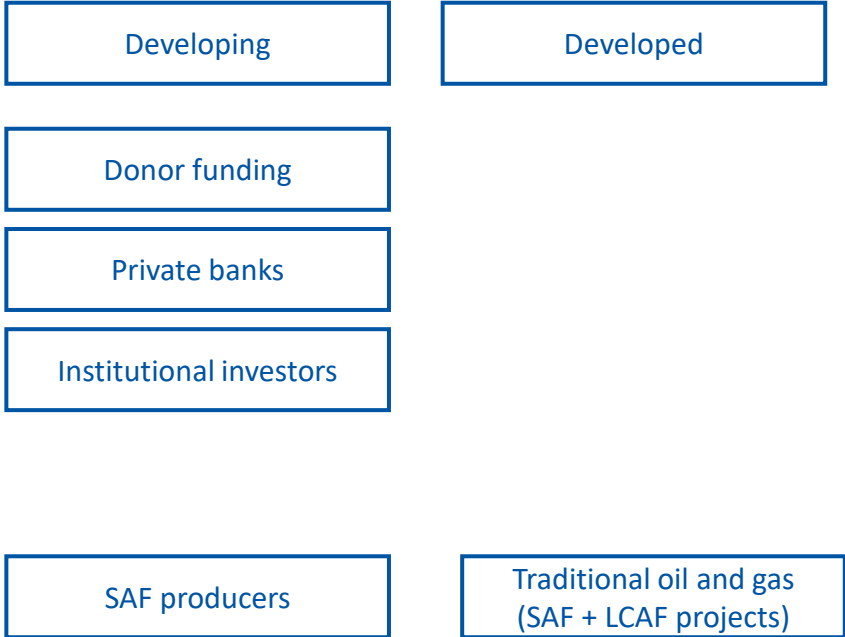

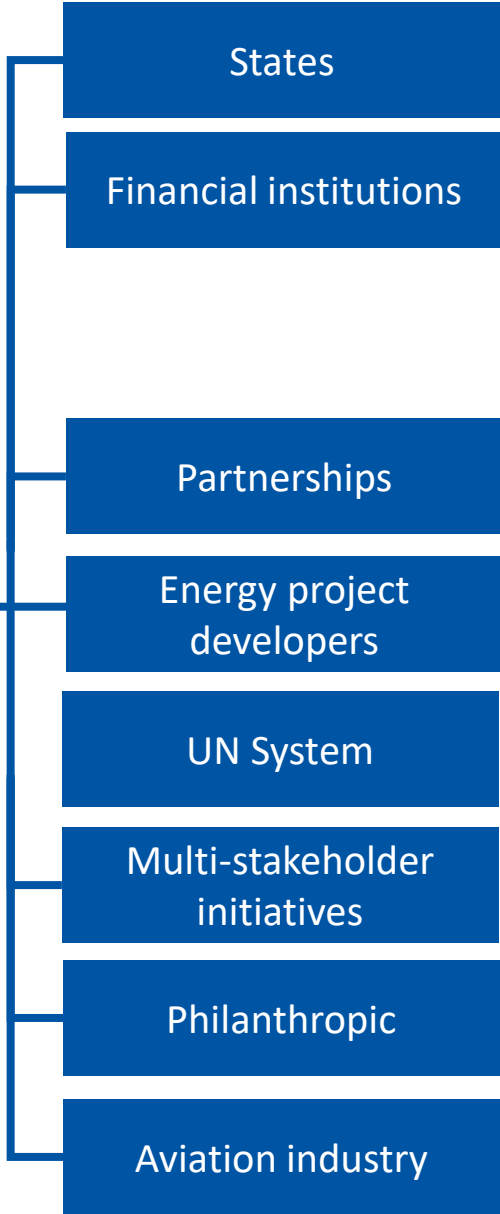

Enhance mutual understanding and knowledge of requirements for the success of these projects
