

ICAO Action

The Directors General of Civil Aviation Conference on Global Strategy for Aviation Safety (DGCA/06) was held at ICAO Headquarters from 20 to 22 March 2006 during which the following recommendations were made and were subsequently approved by the ICAO Council:

- a) Contracting States should give consent to ICAO to publish results of their initial safety oversight audit or audit follow-up as soon as possible, in any case no later than 23 march 2008; and
- b) with respect to safety oversight audits conducted under the comprehensive systems approach, ICAO has now developed an on-going process to allow the release of relevant information to the public.
