

ICAO Action

The Air Navigation Commission will study the issue raised in the safety recommendation further and develop new specifications, if necessary, for inclusion in Annex 14, Volume I.

Consequent ICAO Action

The issue was referred to the Aerodromes Panel for further study. After coordination among different working groups of the panel, it was proposed that relevant guidance material would be developed for inclusion in Doc 9157, *Aerodrome Design Manual*, Part 3 — *Pavements*. Besides the guidance material, if necessary, proposed amendments to SARPs will be developed as well for inclusion in Annex 14, Volume I.
