

## **ICAO Action**

This issue would need to be referred to the ICAO Flight Recorder Panel of experts for their deliberation during the next meeting of the Working Group of the Whole (WG/WHL/6), planned for September 2013.

## **Subsequent Action**

New provisions were incorporated into Annex 6 – *Operation of Aircraft* requiring flight data recordings during commercial operations for all turbine-engined aeroplanes of a maximum certificated take-off mass of 5 700 kg or less on or after 1 January 2016.
