

ICAO Action (SRs 38/2016 and 40/2016)

Safety recommendations SR38/2016 and SR40/2016 pertaining to the initiation of studies for the development of amendments to existing visual aids described in Annex 14 — *Aerodromes*, Volume I — *Aerodrome Design and Operations*, will be referred to the Aerodrome Design and Operations Panel (ADOP) for further study. The ADOP, including its specialized working groups such as the Visual Aids Working Group and the Aerodrome Operations Working Group, will be tasked to review these recommendations for appropriate action.
