

## ICAO Action

Annex 1 — *Personnel Licensing* contains sufficient high-level requirements to cover the intent of the recommendation for **all** multi-crew type ratings as follows:

2.1.3.2 Type ratings shall be established for:

- a) aircraft certificated for operation with a minimum crew of at least two pilots;

...

2.1.5 Requirements for the issue of class and type ratings

...

2.1.5.2 Type rating as required by 2.1.3.2 a)

The applicant shall have:

- a) gained, under appropriate supervision, experience in the applicable type of aircraft and/or flight simulator in the following:
  - normal flight procedures and manoeuvres during all phases of flight;
  - abnormal and emergency procedures and manoeuvres in the event of failures and malfunctions of equipment, such as engine, systems and airframe;
  - where applicable, instrument procedures, including instrument approach, missed approach and landing procedures under normal, abnormal and emergency conditions, including simulated engine failure;

...
