

IMPORTANT UPDATE ON TRANSITION OF ICAO PROCUREMENT TO QUANTUM:

We are pleased to inform you that the International Civil Aviation Organization (ICAO) has recently joined **QUANTUM**, a unified Enterprise Resource Planning (ERP) system powered by Oracle Cloud. This system is already in use by several United Nations (UN) agencies: UNDP, UNCDF, UNFPA, UNITAR, UNSSC, UNU, UNV, UN Women, WMO, MPTF.

Please note that the instructions available on this website as of today, concern only tenders published on In-Tend e-procurement portal and accessible through UNGM only. In the near future, they will be complemented / substituted with instructions related to participation in tenders to be published on QUANTUM.

Through the QUANTUM Supplier Portal, vendors can register as a UN QUANTUM supplier, update their existing profile, participate in procurement opportunities, submit bids, and view purchase orders and agreements issued in their name, among other features.

If you had active purchase orders or contracts at the time of ICAO's transition from its previous ERP system to QUANTUM, some of your vendor data has already been transferred. In such cases, you will soon receive an email prompting you to activate your account and set your password. In case this covers your situation and you need fast access to your account, please do not try to create a duplicate account, but rather contact us at e-tender@icao.int

If you do not yet have a profile, ICAO encourages you to register directly in QUANTUM ([Oracle Applications](#)). This will enable you to immediately access and respond to ICAO procurement opportunities, once ICAO starts publishing them on Quantum.

If you are already registered in QUANTUM with any of the UN agencies listed above, you do **not** need to create a new profile with ICAO. The **QUANTUM Supplier Number** is a unique identifier used across all participating UN entities. If you have forgotten your login credentials, please use the "**Forgot Password**" feature on the portal to reset them.

Please note that all ICAO procurement opportunities will continue to be advertised on the United Nations Global Marketplace (UNGM) as usual. However, the solicitation documents will only be accessible through the QUANTUM Supplier Portal. UNGM notices will include a direct link to the QUANTUM Supplier Portal for easy access to the relevant opportunities.

Thank you for your continued collaboration.

Best Regards,
ICAO Procurement Team
