

INTERNATIONAL CIVIL AVIATION ORGANIZATION

AIRPORTS COUNCIL INTERNATIONAL - Latin America & the Caribbean

Seminar on Bird Hazards, Environmental Protection and Land Use at Airports for the NAM/CAR/SAM (Americas) Regions

Miami, USA, 24 – 27 April 2001

Draft PROGRAMME

Day 1 - 24th April 2001, 14:00 hrs

Opening Remarks

- Raymond Ybarra, Regional Director, International Civil Aviation Organization, North American, Central American and Caribbean Office
- Amaury Zuriarrain, Deputy Director, Miami-Dade Aviation Department and President, Airports Council International/Latin America and Caribbean

Land Use at Airports

1. Land Use and Environmental Control, Michiel Vreedenburgh, Regional Officer Aerodromes, International Civil Aviation Organization, North American, Central American and Caribbean Office

Bird Hazards at Airports

2. Bird Control and Reduction, Arun Rao, Chief Aerodromes, Air Routes and Ground Aids (AGA) Section, International Civil Aviation Organization
3. ICAO Birdstrike Investigation System (IBIS), Arun Rao, Chief Aerodromes, Air Routes and Ground Aids (AGA) Section, International Civil Aviation Organization
4. Bird Control and Reduction Committees in the South American Region, Samuel Cardoso, Regional Officer Aerodromes, International Civil Aviation Organization, South American Office
5. Bird Hazards, Paul Eschenfelder, International Federation of Air Line Pilots
6. The USAF BASH Program in a Nutshell, Eugene Le Boeuf, United States Air Force

Day 2 - 25th April 2001, 09:00 hrs

7. US FAA Wildlife Aircraft Strike Data Analysis, Ed Cleary, Wildlife Biologist, FAA, United States

8. Integrated Wildlife Control at Airports, Ed Cleary, Wildlife Biologist, FAA, United States
9. Land Use Planning near Airports: Resolving Bird Hazard Conflicts, Andy Baxter, Central Science Laboratory, United Kingdom
10. US FAA Policies on Sanitary Landfills near Airports, Ed Cleary, Wildlife Biologist, FAA, United States
11. Evaluation of Bird Control on Landfill Sites – Case Studies from the UK, Andy Baxter, Central Science Laboratory, United Kingdom
12. US FAA Policy and Strategy to Manage Mitigation and Wildlife Hazards near Public Use Airports in the US – Case: Use of Wetland Banking to Minimize or Alleviate between required Mitigation and Airport Operations, Edward Melisky, Environmental Specialist, FAA, United States
13. Integrated Management Program to Reduce Bird Strikes at John F Kennedy International Airport, 1991 – 2000, Richard Dolbeer, Project Leader, United States Department of Agriculture
14. Bird Hazard Mitigation Measures at Airports in Cuba, ECASA, Cuba
15. The Work of Bird Strike Committee – USA, Richard Dolbeer, Chairperson, BCS-USA
16. The Work of the Birdstrike Avoidance Team, Andy Baxter, Central Science Laboratory, United Kingdom

Day 3 - 26th April 2001, 09:00 hrs

Environment Protection at Airports

17. Committee on Aviation Environmental Protection (CAEP), International Civil Aviation Organization
18. ACI Policy and Activities on Environment at Airports, Airports Council International
19. Environmental Capacity Constraints on the Growth of the Industry, Callum Thomas, Chairman, ACI World Environmental Committee and Chair of Sustainable Aviation, Manchester Metropolitan University, United Kingdom
20. Air Transport – A Global Approach to Sustainability, Leonie Dobbie, Director Environment, International Air Transport Association
21. Commercial Aviation and the Environment, Bill Glover, Director Airplane Environmental Performance Strategy, Boeing
22. Airport Environmental Management Systems, Alec Simpson, Transport Canada
23. Why a Systems Approach is Important in Managing an Airports Environmental Aspects, Barry Young (ex-BAA), Interalpha, United Kingdom

24. Noise Problems and Balanced Programme - Airports' Perspective, Erik Nielsen, ACI World Environmental Committee and Director Environment, Copenhagen Airport, Denmark
25. Aircraft Noise Exposure and its Impact on Land Use at Airports, Wil Guzman (ex-PANYNJ), Associate Vice President, HNTB
26. Water Quality at Airports, Alec Simpson, Transport Canada
27. Airport Environmental Impact Assessments, Wil Guzman (ex-PANYNJ), Associate Vice President, HNTB
28. Environmental Impact Assessments : Vancouver International Airport Case Study, Mike Matthews (ex – YVR), Vice President, InterVistas
29. AENA Activities for the Environmental Protection at Airports in Spain, Alejandro Aldanondo, AENA, Spain

Day 4 - 27th April 2001, 09:00 hrs

30. Trends in Environmental Protection at Airports in the Region, Norman Saulter, Chairman, ACI/LAC Environmental Committee and Projects Director, Airports Authority of Jamaica
31. Environmental Protection at Miami International Airport, Pedro Hernandez, Manager Environmental Engineering Division, Miami-Dade Aviation Department, United States
32. Environmental Audit Programme in the Mexican Airports, Magdalena Colunga, Airports and Auxiliary Services, Mexico
33. Siting Options for New Airport Facilities: Environmental Considerations, Magdalena Colunga, Airports and Auxiliary Services, Mexico
34. Environmental Aspects in the Privatisation of Airports – Case: Aeropuertos Argentina 2000, Edgardo Gorga, Aeropuertos Argentina 2000
35. Environmental Impact of Airport Sub-systems – Case Study Carrasco International Airport, Montevideo, Daniel Ruggiero, DGIA, Uruguay

Closing Remarks

- Raymond Ybarra, Regional Director, International Civil Aviation Organization, North American, Central American and Caribbean Office
- Amaury Zuriarrain, Deputy Director, Miami-Dade Aviation Department and President, Airports Council International/Latin America and Caribbean
