(Cayenne, 27-29 March 2001)

Item 2 f): Statistical information of aircraft movements in the area

(presented by France)

Statistical information of aircraft Rochambeau area

Summary

This working paper presents statistical information on aircraft movements for 1999 into Rochambeau area.

1. Introduction

1.1 Statistical information is a good means:

- a) to assess the activity of a center (Aerodrome, Approach, Area Centre)
- b) to follow-up the upgrading of the ATM

1.2 The information collected should show monthly and yearly totals and the increase/decrease in air traffic operation.

1.3 Each state should provide the data at the end of each year to the ICAO SAM Office.

2. Suggested action

2.1 The meeting is invited to take note of this working paper as well as the attached information.
