

**INTERNATIONAL CIVIL AVIATION ORGANIZATION**

**RLA/00/009 PROJECT COORDINATION MEETING ON GNSS AUGMENTATION TRIALS**

(Santiago, 1 to 3 August 2001)

**DRAFT AGENDA**

1. Analysis of the system for the GNSS augmentation trials, reference stations, master stations, avionics equipment and network configuration.
2. Analysis of the activities contemplated in the GNSS Regional Augmentation Project.
3. Schedule of activities to be carried out
4. Other matters

-----

**RLA/00/009 COORDINATION MEETING ON GNSS AUGMENTATION TRIALS**  
(Santiago, 1 to 3 August2001)

**EXPLANATORY NOTES**

1. **Analysis of the system for the GNSS augmentation trials, reference stations, master stations, avionics equipment and network configuration**

Under this Agenda item, note will be taken of the equipment to be used for GNSS augmentation trials: reference station, master station, avionics equipment, as well as the minimum requirements necessary prior to the installation of said equipment. Each of the participants at the meeting will be able to verify the installation of these systems through his active participation and, at the end, operational trials will be held.

2. **Analysis of the activities contemplated in the GNSS Regional Augmentation Project.**

Under this item, the main activities foreseen in the RLA/00/009 project will be reviewed, such as:

- The flight test regional plan;
- States flight test plan;
- The training programme; and
- The results expected upon completing the execution of the project.

3. **Schedule of activities to be carried out**

Under this item, the meeting will review the project's initial schedule plan, specifying dates and duration of the various phases contemplated in the regional GNSS augmentation project.

4. **Other matters**

Any other related subject will be discussed under this item.
