Agenda Item 5: **Other matters**

Status of proposal for amendment to include UL780 and UL795 routes in the CAR/SAM Basic ANP

(Presented by the Secretariat)

Summary

This paper informs the current status of the actions initiated with a proposal for amendment to the CAR/SAM Air Navigation Plan (Doc 8733).

1.1 During the second Meeting of the Third Meeting/Workshop of Air Traffic Management (ATM) Authorities and Planners (AP/ATM/2), Lima, 14 to 18 May 2001 and after reviewing the information provided by users, the Meeting found no inconvenience in the inclusion of the RNAV UT780 and UT 795 routes in the CAR/SAM Basic Air Navigation Plan (Doc 8733).

1.2 Therefore, on October 2001 the SAM Office, in coordination with the NACC Office, circulated the proposal for amendment, Series No. SAM-01/1-ATM, aimed at including in the CAR/SAM Basic ANP the new UL 780 and UL 795 routes of the ATS-1-ARN Table.

1.3 In accordance with the procedures established for amendments to air navigation plans and having received no objections from CAR/SAM States and other Regions' concerned States in reply to the consultation forwarded on 5 December 2001, the referred proposal was submitted for consideration to the President of ICAO Council.

1.4 No information in this regard has been received as of this date; however, according to administrative terms, the approval from the Council might be received by July 2002 or after.

1.5 States are invited to take due note of the contents of this information paper.
