

Survey on RVSM implementation status

1. General Requirements				
No	Requirements	Action Taken		Remarks
		Yes	No	
1.1	Are national regulations for RVSM implementation required?			
1.1.1	Are national regulations for RVSM implementation published?			
1.2	Has the advance NOTAM/AIC announcing the RVSM implementation date and scenario been published?			
1.3	Has the AIP Supplement for RVSM implementation been published (02-09-04)?			
1.4	Has the Trigger NOTAM been published (13-01-05)?			
1.5	Are you disseminating information about the RVSM programme?			
1.6	Have you identified the necessary funding for RVSM implementation?			

2. Monitoring Aspects				
No	Requirements	Action Taken		Remarks
		Yes	No	
2.1	Are you providing CARSAMMA monthly reports on Assigned Altitude Deviations*?			
2.2	Are you providing CARSAMMA monthly ATC loop error reports*?			
2.3	Are you providing CARSAMMA reports of total IFR movements?			
2.4	Are you providing CARSAMMA reports of turbulence data*?			

*Use Navigation Deviation Investigation Forms (NDIF).

3. ATC Operations				
No	Requirements	Action Taken		Remarks
		Yes	No	
3.1	Have you identified any necessary ATC automation or equipment upgrades?			
3.1.1	Flight data processing systems, i.e. strips?			
3.1.2	Radar data processing systems, i.e. RVSM status, STCA, MTCD?			
3.1.3	Have you initiated the necessary ATC automation or equipment upgrades?			
3.1.4	Do you have contingency plans if the ATC automation or equipment upgrades are delayed?			
3.2	Have you conducted ATC simulations?			
3.3	Have you identified any airspace, routes or sectors that must be modified for RVSM?			
3.4	Do you plan to accommodate non-RVSM aircraft conducting domestic operations?			
3.4.1	Have you developed procedures for accommodating non-RVSM domestic aircraft?			
3.5	What percentage of flights must be conducted by RVSM approved aircraft for you to implement RVSM?			
3.6	Have you evaluated existing LOAs for RVSM?			
3.7	Have you developed RVSM contingency plans, i.e. weather, turbulence, equipment failures?			
3.8	Are you liaising with State military authorities regarding RVSM operations?			
3.9	Have you reviewed and commented on the draft Guidance Material on the Implementation of RVSM in the Airspace of the Caribbean and South American Regions?			

4. Aircraft Operations and Airworthiness				
No	Requirements	Action Taken		Remarks
		Yes	No	
4.1	Has a national regulation for aircraft and air operators RVSM approval derived from the LAR OPS or from the provisional Material 91-RVSM/TGL-6 been adopted?			
4.2	Is RVSM approval guidance material available to operators?			
4.3	Does the State require approval of the training programme for flight crew, dispatchers and maintenance personnel as approval requirement for the Operator?			
4.3.1	Has TCAS/ACAS training material based on FAA & Eurocontrol examples been included in the training programme?			
4.4	Has a survey of operators been conducted to determine RVSM upgrade plans?			
4.4.1	How many State registered (eligible) aircraft comply with the requirements for RVSM airworthiness certification?	---	---	
4.4.2	How many national aircraft have received RVSM airworthiness certification?	---	---	
4.4.3	How many national operators (eligible) comply with the requirements for RVSM approval?	---	---	
4.4.4	How many national operators have received RVSM approval?	---	---	
4.4.5	Have you provided general aviation aircraft individual RVSM approval?			
4.5	Are you providing CARSAMMA with RVSM approval data?			
4.6	Have you provided the AP/ATM OPS/AIR Group and CARSAMMA with a point-of-contact for processing RVSM approvals?
