Subject: **Fifth Seminar and First Business Meeting on Airport Pavement – Third Workshop on FAARFIELD Pavement Design for North America, Central America, the Caribbean and South America (NAM/CAR/SAM)**
(Mexico City, Mexico, 27 to 31 October 2008)

Action
required: **Your reply by 17 October 2008**

Sir,

I refer to my message SA720 dated 8 September 2008, through which I invited your Administration to the Fifth Seminar and First Business Meeting on Airport Pavement – Third Workshop on FAARFIELD Pavement Design for North America, Central America, the Caribbean and South America (NAM/CAR/SAM) that will be held in the Instituto Politécnico Nacional (IPN), Escuela Superior de Ingeniería y Arquitectura, Unidad Zacatenco, Ave. Juan de Dios Bátiz S/N, Buildings 10, 11 and 12, Unidad Profesional “Adolfo López Mateos” Zacatenco, C.P. 07738, México, D.F.

For your information, I hereby attach the updated Programme for the Seminar as well as the information on hotel rates (Spanish only).

Furthermore, I wish to inform you that ALACPA has notified this office that the event will have a cost and this information is contained in the following website: <http://www.alacpa.org/mejico2008.html>.

Likewise, ALACPA informed that its partners (members) will not pay registration; in the case of corporate partners (commercial companies) and institutional partners (government or educational entities) the annual membership is USD\$500.00 and USD\$250.00 respectively. This entitles the participation of two delegates and an exhibit stand. The individual membership is USD\$25.00 annually and entitles the individual to participate without no cost; the individual membership for students or honorary partners is USD\$5.00 and USD\$10.00 respectively.

I kindly request that you confirm your participation to the event by sending the attached registration form as soon as possible and no later than **17 October 2008**.

Accept, Sir, the assurances of my highest consideration.

for / 

Jose Miguel Ceppi
Regional Director
ICAO South American Office
Lima

**FIFTH SEMINAR AND FIRST BUSINESS MEETING ON AIRPORT PAVEMENT –
THIRD WORKSHOP ON FAARFIELD PAVEMENT DESIGN**
Mexico City, Mexico, 27-31 October 2008

		Topic	Presenters
Monday – October 27, 2008			
0800 to 0830	Registration		
0830 to 0850	Welcoming Remarks		ASA-Mexico Representative, ICAO Regional Director, W. Fullerton (ALACPA - LBG), G. Vazquez (ASA - Mexico)
Session 1: Collection of Quality Pavement Data (Moderator G. Favarón)			
0850 to 0925	Field Equipment Calibration and Personnel Certification Overview		G. Rada (FUGRO - USA)
0925 to 1000	Requirements for Quality Distress Data		F. Holt (Dynatest - USA)
1015 to 1050	Requirements for Quality FWD Data		C. Alvarado (FUGRO - USA)
1050 to 1125	Requirements for Quality Roughness Data		S. Cardoso (Consultant)
1125 to 1200	Runway Roughness - Types and effect on aircraft		M. Roginski (Boeing - USA)
1330 to 1430	Requirements for Quality Friction Data		D. Harverson (Consultant – Scotland)
1430 to 1600	Panel Discussion		Session 1 Presenters
1600 to 1900	Field Demonstrations of Pavement Data Collection Equipment		ASA-Mexico
Tuesday – October 28, 2008			
Session 1: Collection of Quality Pavement Data (Continued)			
0800 to 1000	Runway Friction Clinic		D. Harverson (Consultant – Scotland)
Session 2: Maintenance Patching and Repair Techniques (Moderator S. Mora)			
1015 to 1100	Airport Pavement Preservation Overview		F. Holt (Dynatest - USA)
1100 to 1130	Patching and Crack Repair Practices at Jorge Chavez Int. Airport		I. Torralba (LAP - Peru)
1130 to 1200	Airport Patching and Crack Repair Practices in Mexico		TBD (ASA - México)
1330 to 1400	Evaluation & Techniques for Rehabilitation of Runways with Friction Problems		G. Favaron (AA2000 - Argentina), T. Graf (FA - Argentina)
1400 to 1500	Panel Discussion		Session 2 Presenters
1500 to 1900	Patching and Crack Repair Field Demonstrations		ASA-Mexico
Wednesday – October 29, 2008			
Session 3: Pavement Management Systems (Moderator F. Ratto)			
0800 to 0830	Pavement Management Systems Overview		G. Rada (FUGRO - USA)
0830 to 0900	PMS Practices in ALACPA Region: INFRAERO-Brazil		TBD (INFRAERO - Brazil)
0900 to 0930	PMS Practices in ALACPA Region: ASA-Mexico		TBD (ASA - México)

1400 to 1510	ALACPA Committee Reports		W. Fullerton, G. Vázquez, G. Favarón, F. Ratto
1510 to 1540	Next ALACPA Seminar – Location, Date & Topics		S. Mora, G. Rada
Session 5: Corporate Sponsors Presentations (Moderator W. Fullerton)			
1555 to 1620	Constructing high - quality Airfield Asphalt Pavements		P. Lavaud (Roadtec - USA)
1620 to 1645	Tools for Pavement Evaluation and Management		F. Holt (Dynatest - USA)
1645 to 1710	High quality friction measurement with the GripTester		D. Harverson (Findlay Irvine - Scotland)

	Topic	Presenters
1710 to 1735	Airport Pavement Evaluation using NDT Approaches	C. Alvarado (FUGRO - USA)
1735 to 1800	'FRAGUAMAX' – Fast Traffic Opening Solution	J. Calleros (GCC – Mexico)
Thursday – October 30, 2008		
Session 6: New FAA Pavement Design Procedure -- FAARFIELD Workshop (Moderator D. Brill)		
0800 to 0845	FAA Advisory Circular 150/5320-6E and FAARFIELD	D. Brill (FAA - USA)
0845 to 1015	FAARFIELD: Flexible Pavement and Flexible Overlay Design	
1030 to 1200	FAARFIELD: Rigid Pavement and Rigid Overlay Design	
1330 to 1500	Discussion and Questions	
Session 7: PCN Computations: Resolving the Confusion (Moderator G. Rada)		
1515 to 1550	ICAO PCN Method	S. Cardoso (Consultant)
1550 to 1625	PCN Determination - Issues and Concerns with current practice	Roginski (Boeing - USA)
1625 to 1700	FAA Advisory Circular 150/5335-5A and COMFAA	D. Brill (FAA - USA)
1700 to 1800	Panel Discussion	Session 6 Presenters
Friday – October 31, 2008		
Session 8: New Pavement Materials and Construction Techniques (Moderator I. Torralba)		
0800 to 0845	Use of Recycled Pavement Materials	J. Gagnon (FAA - USA)
0845 to 0930	Best Practices for Construction of Airport PCC Pavements Part I	S. Tayabji (FUGRO - USA)
0945 to 1030	Best Practices for Construction of Airport PCC Pavements Part II	S. Tayabji (FUGRO - USA)
1030 to 1115	Use of Stone Matrix Asphalt (SMA)	J. Gagnon (FAA - USA)
1115 to 1200	Use of Micro Agglomerates in Pavement Rehabilitation	G. Favaron (AA2000 - Argentina)
1330 to 1415	Use of PCC Rubblization with HMA Overlays	J. Gagnon (FAA - USA)
Session 9: Other Pavement Topics (Moderator G. Vázquez)		
1415 to 1500	Planning and Control works in the Air Side - Operational Safety	F. Ratto (DTA - Argentina)
1500 to 1700	Moving towards Empirical- Mechanistic Pavement Design Procedures	D. Brill (FAA - USA)
1700 to 1800	Closing Seminar Remarks	ASA-Mexico Representative, W. Fullerton, G. Vázquez

- END -

México, D. F. a 09 de Agosto de 2008.
