Subject: **VII ALACPA Airport Pavements Seminar and V FAA Airport Pavements Workshop**  
(Miami International Airport, Florida, United States, 6-9 December 2010)

Action  
required: Your answer *not later than 27 October 2010*

Sir,

I have the honour to inform you that ALACPA, together with ICAO, FAA, ACI/LAC and the Miami International Airport/Miami Dade County, is organizing the Seventh ALACPA Airport Pavements Seminar and Fifth FAA Pavements Workshop, to be held in Miami, Florida, from 6 to 9 December 2010, under the auspices of the Miami International Airport, who has facilitated the use of the airport conference rooms during these events.

The participants will have the opportunity to learn new construction and maintenance techniques, new design methodology and the latest developments in equipment and materials. The Seminar will feature international experts who will share their experience and knowledge. This is a key event for airport infrastructure managers, engineers, technicians, consultants and all of those who provide services related to the aeronautical industry.

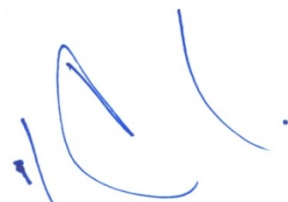

The fundamental objective of these events is to exchange technical experience so all the participants have the possibility of improving airport pavements, and, thus, contribute to maintain the safety of the airports in the Region.

The speakers come from a variety of organizations and institutions, including ICAO, FAA, ACI/LAC and the Miami International Airport. Also, it will count with the important participation of aircrafts manufacturers.

The Civil Aviation Authorities from the Americas NAM/CAR/SAM Regions are invited, who are exempted from the registry/membership quota for their participation in the seminar. ALACPA is also inviting airport operators, as well as international organization regional representatives, professors (academy), software providers, consultants, contractors, etc. Languages of the workshops will be English and Spanish with simultaneous interpretation.

In a later communication we will send you the general information and tentative agenda for these events. Kindly inform this Regional Office about your participation, ***not later than 27 October 2010***. For any additional information, please contact Ms. Lia Ricalde, Regional Officer Aerodromes and Ground Aids (lricalde@lima.icao.int) or her assistant, Ms. Deborah Coriat (dcoriat@lima.icao.int).

Accept, sir, the assurance of my highest consideration.

Franklin Hoyer  
Regional Director  
South American Office  
Lima
