

AF-V1.0

**XI ALACPA Seminar of Airport Pavements/ IX FAA Workshop/
IV Short Course of Airfield Pavements -
Pavements for the Upcoming Aeronautical Industry**

Galerias Hotel , from September 01 st to 05 th, 2014, Santiago de Chile

Final Agenda V1.0, August 28th, 2014

en

Day 1 - Monday, September 01st, 2014

Schedule	Issue	Speaker	Organization
08:00 to 09:30	Registration to seminar/workshop		
09:30 to 10:10	Welcoming remarks and logistic issues		

Session 1 - Roundtable: What do XXI Century airport pavements need?.....-Moderator: Fernando Ratto

10:10 to 10:25	ICAO Perspective	Lia Ricalde	ICAO-RO AGA SAM
10:25 to 10:40	Chilean Aeronautical Authority's Perspective	Rolando Mercado	DGAC Chile
10:40 to 10:50	Chilean National Airports Director's perspective	Maria Isabel Castillo	DAP Chile
10:50 to 11:10	COFFEE BREAK		
11:10 to 11:40	Airline perspective regarding bearing capacity of Runways	Marco Guzman B.	LAN-LATAM Operations
11:40 to 12:20	Sponsors and Commercial Members presentations		
12:20 to 12:40	COFFEE BREAK		

Session 2: Proposals for Design, Construction, Maintenance, Notification and Pavement Management Standards

Moderator: José M. Martínez Cal

12:40 to 13:10	Update of airside pavements information at 15 airports	Rodrigo Canedo R./ Marcela Rizzo V. / Erwin Kohler	DAP - MOP Chile
13:10 to 13:40	Present and Future Work items of the ICAO Pavement Sub-group	Michael Roginski	Boeing US
13:40 to 14:10	Investing in Airfield Rehabilitation: Reconstruct or Refurbish? – Apron expansion for the billion dollar Pulkovo International Airport project- St.Petersburg	Bill Fullerton	SNC-Lavalin-US
14:10 to 14:40	Greenfield Airports - Site Selection in Brazil	Guilherme Machado	Consultor- BR
14:40 to 15:10	Conclusions - Discussion Panel		
15:10 to 15:40	Sponsors and Commercial Members presentations		

Day 2 - Tuesday, September 02nd, 2014

Session 3: IV Short Course of Pavement Maintenance: . Presenter: Dr. Samuel H. Cardoso

08:30 to 12:50	The program will be delivered separately		
12:50 to 13:10	Conclusions - Discussion Panel		
13:10 to 13:30	COFFEE BREAK		

Session 4: Roughness issues // Characterization of Materials to be used in airfield pavements

13:30 to 14:00	Experiencia sobre rugosidad de pistas	Michael Roginski	Boeing US
14:00 to 14:30	Selección de Asfaltos para usos aeroportuarios a partir del sistema del grado de performance	Pablo del Aguila	UNOPS
14:30 to 14:50	COFFEE BREAK		
14:50 to 15:45	Presentación de Socios Comerciales / Auspiciantes		

Day 3 - Wednesday, September 03rd, 2014

Session 5: IX FAA Workshop; Moderator: Dr. David Brill

08:30 to 09:10	FAARFIELD 1.4 - Updates, Improvements and New Capabilities	David Brill	FAA US
09:10 to 09:40	FAARFIELD 1.4 - Design Examples/Flexible	David Brill	FAA US
09:40 to 10:00	COFFEE BREAK		
10:00 to 11:00	Implementing New Compaction Provisions in FAARFIELD 1.4	David Brill	FAA US
11:00 to 11:30	FAARFIELD 1.4 - Design Examples/Rigid	David Brill	FAA US
11:30 to 12:20	Relative Performance of CC6 Concrete Pavement Test Items at the FAA National Airport Pavement Test Facility	David Brill	FAA US
12:20 to 12:40	COFFEE BREAK		
12:40 to 13:10	Research on 40-year Life Pavement Extension	David Brill	FAA US
13:10 to 14:00	Conclusions - Discussion Panel		
14:00 to 14:55	Sponsors and Commercial Members presentations		

Session 6: Year 2014 Report - Technical Survey

14:55 to 15:15	2014 Board of Directors Report		
15:15 to 15:30	Technical survey		

Day 4 - Thursday, September 04th 2014

Session 7: Different experiences. Techniques on Pavement Management Systems (PMS). Issues regarding PCNs notification. Friction. Operational Safety. Moderator: Wilhelm Funcke

08:30 to 09:00	Geographical Information Systems for horizontal Infrastructure's Management AEROSIG	Emiliano Vargas L./ Roberto Tapia S.	DAP - MOP Chile
09:00 to 09:30	Planialtimetric assesment using non conventional techniques	Mario Memolli	Consultant-AR
09:30 to 10:00	Deflectometry comparison after 10 years	Fabián Svartzer	PEESA-AR
10:00 to 10:30	Friction survey procedure at Chilean airports	Rodrigo Silva S./ Renzi Jara L.	DGAC Chile
10:30 to 10:50	COFFEE BREAK		
10:50 to 11:20	Operational Safety issues to take into consideration	F.Ratto/TBD	ADP/TBD
11:20 to 11:50	TBD		
11:50 to 12:20	Geometric and Structural Design of Cusco Airport Pavements PE	Gustavo Favaron	AA2000-AR

XI ALACPA Seminar of Airport Pavements/ IX FAA Workshop/ IV Short Course of Airfield Pavements - Pavements for the Upcoming Aeronautical Industry					
Galerías Hotel , from September 01 st to 05 th, 2014, Santiago de Chile					
12:00	to	13:10	Conclusions - Discussion Panel		
13:10	to	13:50	Sponsors and Commercial Members presentatoinis		
13:50	00:00	14:10	D		
Session 8: Workgroups for the period 2014-2015					
14:10	to	14:30	Groups Friction, Strength, Roughness, Standards	Socios	ALACPA-INT
14:30	to	15:00	Grid installation for airport drainage systems	Jorge Llera	EJCO-MX
15:00	to	15:30	Design of APRON enlargement at Arturo Merino Benitez International Airport, Santiago de Chile	John Rathkamp S./ Juan Pablo Hernandez	Ghisolfo - CL
15:30	to	15:50	Conclusions - Discussion Panel		
Day 5- Friday, September 05th 2014					
Sesión 9: Visit to Merino Benitez Airport - Other issues regarding airport pavements. Final comments and closing of the seminar. Moderator: Fernando Ratto					
08:30	to	09:00	Pavements inspection of job construction: Apron enlargement at Arturo Merino Benitez International Airport -Santiago de Chile	Hugo Araya C. / Victor Febres M.	DAP - MOP Chile
09:00	to	15:00	Visit to Arturo Merino Benitez International Airport and equipment demonstrations		
NOTE 1: For the visit (to be confirmed) there is a limit of xx participantes according to the inscription order..					
NOTE 2: This draft agenda can be modified after having been issued
