The AHWG would work in coordination with the Secretariat and Presidency of the PIRGs.

2.2 The AHWG would providing a final report during the ANC 200 Session (November 2015) supplying as final product the following deliverables:

- Guidance Material for PIRG / RASG on the format and content of meeting reports.
- Proposal for the ANC on how to best review the meeting reports.

2.3 In this sense, given that a standard report of the PIRGs format has not been established yet, GREPECAS and CCPR reports format will continue in use and it will be reported to the ANC as established by Decision 2/8 of the PPRC/2.

**3. Suggested actions**
