Sir,

I am pleased to inform you that the ICAO Regional Office has programmed a regional meeting for National continuous monitoring coordinators (NCCM) of the Universal safety oversight audit programme (USOAP) Continuous monitoring approach (CMA), intended to provide support to and foment compliance with corrective action plans (CAP) and completion of the 1016 protocol questions (PQ) in South American States, attaining in this way the improvement of the effective implementation (EI) in each State and at a regional level.

This meeting is part of the technical assistance activities being carried out by the SAM Regional Office to support the States in complying with the Declaration of Bogota targets. With respect to safety targets, the SAM Region has committed to achieve an average effective implementation of 80% up to end 2016. In this moment, the effective implementation average of the Region is 72%, creating a gap of 8% to be overcome in 2015 and 2016.

In this regard, I am pleased to invite the NCCMs of your State to this meeting, which will be held in the South American Regional Office, Lima, Peru, from 05 to 07 May 2015. The objective of the meeting is that all States present their work programmes indicating proposed actions and deadlines for the completion of the CAP, at first instance and, subsequently, of the 1016 PQs.

Please find attached the corresponding registration form, which should be completed with the information of your delegate/s, and sent by email to icaosam@icao.int at earliest possible and not later than 27 February 2015
