16. **General recommendations in the event of an earthquake**

The city of Lima is within an earthquake area.

During an earthquake

- a) Keep calm.
- b) Stay away from windows, do not go to any balconies, do not use elevators.
- c) Locate yourself in previously identified internal safety zones.
- d) Evacuate the premises only if conditions permit it; otherwise, minimize your movements.

After an earthquake

- a) Proceed to leave the premises, since quakes can continue.
- b) Evacuation must be carried out calmly, quickly and safely through the indicated routes.
- c) Stay in the evacuation site until the designated security team of the building has verified whether the installations are at risk.

ICAO third and fourth floor emergency exits

- a) In front of the elevator area are two emergency staircases.
- b) Both stairs end in the first floor of the building, in the main entrance area.
- c) Proceed down the staircases. Do not push or run; keep in line, move in one direction only; keep conversation to a minimum.
- d) Exit the building to allow free flow of other evacuees exiting behind you.
- e) Once outside the building and having your back to it, turn left towards the evacuation site, located across V. A. Belaúnde Avenue.
- f) Pay attention at all moment to the indications that the security team might make.
- g) You will be informed when is it safe to return to the facilities.
