LN 3/24.1 - SA5511

Lima, 28 June 2016

To: Mr. Philippe Guivarch, Regional Director of Civil Aviation, West Indies and French Guiana
Ms. Chaitrani Heeralall, Director General, Civil Aviation Authority (ag), Guyana
Mr. Andojo Rusland, Minister of Transport, Communication and Tourism, Suriname

Subject: **RLA/06/901 – Second Meeting of implementation of AIDC (ATS data communications between facilities) in the SAM Region (Lima, Peru, 21 to 23 September 2016)**

Action

required: a) Take note and nominate participants no later than **2 September 2016**
b) Submit application form for a grant from ICAO no later than **29 August 2016**

Sir/Madam:

I have the honour to address you this letter making reference to the program of activities of the Regional Project RLA/06/901 - *Assistance for the implementation of a regional ATM system considering the ATM operational concept and the corresponding technological support for CNS.*

In this regard, the Second Meeting of AICD in the SAM Region will be held at the premises of this Regional Office, in Lima, Peru, from 21 to 23 September 2016.

This Meeting is aimed at the implementation of the automated data exchange between units of air traffic services in support of the notification and coordination of flights, as well as the transfer of control and communication.

The implementation of AIDC provides notable benefits among which are the controllers workload reduction, reduction of readback/hearback errors during coordination; significantly reducing oral coordination between ATS units; and LHD (large height deviations) mitigation.

It is one of the implementation priorities considered by the Declaration of Bogota Thirteenth Meeting of Civil Aviation Authorities - RAAC/13 carried out from 4 to 6 December 2013) for the SAM air navigation (in which all SAM States committed in its implementation in the period 2014 to 2016.

The main issues to be analyzed during the meeting will be the availability of flight plans and the performance of the AIDC in the SAM Region. The tentative agenda of the event is presented as **Attachment A**.

Therefore I am pleased to invite your Administration/Organization to participate, and propose the name of your candidates no later than **September 2**, 2016, taking into account the considerations below.

The profile of the participating experts is extremely important since they will provide recommendations for the effective operational implementation of AIDC, consequently the participation of the focal points nominated by the Administration coordinating the implementation of the interconnection of automated systems is recommended (see **Attachment B**).

States wishing to attend may make use of the following financing alternatives:

- a) Fellowships sponsored by Regional Project RLA/06/901, having one fellowships for each member State of this project, having the interested administration to provide the air tickets to and from the host country to both participants
- b) Fellowships from a national ICAO Technical Cooperation Project approved by your State; or
- c) Own resources of your administration, in the lack of any of the previous alternatives.

For participants who require a fellowship from project RLA/06/901, the ICAO nomination form is attached (**Attachment C**), and must be completed and submitted to this Office not later than **29 August 2016**.

In this regard, it is important to inform that the event has been covered by a contribution from your State, considering that part of the annual fee sent to the International Civil Aviation Organization (ICAO) has been addressed for this purpose.

The documentation of the event, such as working and information papers, will be published ICAO SAM Office website: <http://www.icao.int/sam>. No documentation is foreseen for distribution during the event; therefore, it is recommended that participants bring a lap-top, or print the related documentation. The event will be carried out in Spanish with simultaneous interpretation services in English only if confirmation of English speaking participants is received in this Regional Office no later than September 2, 2016.

The general information is provided in **Appendix D**, and the registration form to be filled up by each participant, in **Appendix E**.

Accept, Sir/Madam, the assurances of my highest consideration.

Franklin Hoyer
Regional Director
ICAO South American Office
Lima

**REGIONAL PROJECT RLA/06/901
SECOND MEETING OF IMPLEMENTATION OF AIDC (ATS DATA COMMUNICATIONS
BETWEEN FACILITIES) IN THE SAM REGION**

TENTATIVE AGENDA

- Agenda Item 1: Analysis to the availability of flight plans in the SAM Region
- Agenda Item 2: Follow-up to the performance of AIDC operation and results of the AIDC interconnection trials in the SAM Region
- Agenda Item 3: Review to the action plan for AIDC interconnection in the SAM Region
- Agenda Item 4: Review to the terms of reference and work programme of the AIDC Implementation Group
- Agenda Item 5: Other business

EXPLANATORY NOTES

Agenda Item 1: Analysis to the availability of flight plans in the SAM Region

Under this Agenda Item, the Meeting will analyse the flight plan reception and processing in the States of the Region, the flight plan losses, the duplicate flight plans, the airlines' coordination in the presentation of their flight plans, the use of converters to align with Amendment 1 to the 15th Edition of Doc 4444-PANS/ATM (new flight plan format). In this sense, meeting will make follow-up to Conclusion AIDC/1-3 formulated by the First Meeting of Implementation of the AIDC held in Lima, Peru from 28 to 30 March 2016, regarding actions taken by SAM Region States to mitigate errors in the flight plan presentation and processing.

Agenda Item 2: Follow-up to the performance of AIDC operation and results of the AIDC interconnection trials in the SAM Region

The Meeting will follow-up the performance of AIDC and its status of implementation according to the Declaration of Bogota. An analysis will also be carried out to the problems found, the lessons learned in the implementation and AIDC interconnections, in order that they help in the implementation of the remaining AIDC interconnections, as well as the initial operational benefits obtained. The operational letters of agreement introducing AIDC for flight notification, coordination and transfer between adjacent ACCs will be revised, for the possible acceptance and signature of some. Participant States are invited to present information regarding their actions taken for the AIDC interconnection implementation as well as the recommendations made by the AIDC/1 Meeting to solve problems of AIDC operations in the SAM Region (Conclusion AIDC/1-4). Will be also presented the tasks accomplished for the elaboration of documents and the amendments made to the *Guide for the implementation of AIDC through the interconnection of adjacent automated centres* according to Conclusion AIDC/1-1 – *Drafting of a local AIDC operations Manual* and Conclusion AIDC/1-2 - *Guide for the implementation of AIDC through the interconnection of adjacent automated centres updating*.

Agenda Item 3: Review to the action plan for AIDC interconnection in the SAM Region

The Meeting will examine the action plan for AIDC interconnection, updated at the AIDC/1 meeting, taking into account the results from the analyses to Agenda Items 1 and 2 of this Meeting.

Agenda Item 4: Review to the terms of reference and work programme of the AIDC Implementation Group

Under this Agenda Item, the terms of reference and work programme of the AIDC Implementation Group will be presented, for the review of the Meeting.

Agenda Item 5: Other business

Under this Item, the Meeting may examine any other related subjects that have not been discussed under any of the preceding agenda items.

INTERNATIONAL CIVIL AVIATION ORGANIZATION
TECHNICAL COOPERATION BUREAU

GUIDE FOR THE COMPLETION OF ICAO FELLOWSHIP NOMINATION FORM

(This sheet should be detached by the originator prior to submitting the attached Fellowship Nomination Form to the local or regional UNDP Office for transmission to ICAO)

It is in the interests of Governments to ensure that the attached Nomination Form is fully completed for each nominee in *original and two copies*. All Nomination Forms should be submitted to the local UNDP Resident Representative who will then forward three copies to the appropriate ICAO Regional Representative. Nomination Forms should be received at the ICAO Regional Office at least *two months prior* to the starting date of the proposed courses.

PART I – NOMINATION BY GOVERNMENT

Please note the following:

Paragraph 1 should indicate the *main* field of training as specified in SECTION I – LIST OF TRAINING COURSES of the AVIATION TRAINING DIRECTORY OF ICAO.

Paragraph 2 should provide *specific* details as regards Host Countries, Training Institutes and Courses. For example: Air Traffic Control – Aerodrome and Approach Control, Procedural; Aircraft Maintenance – Boeing 737 Air Frame and Powerplant Systems should be shown instead of general phrases such as ATC, Aircraft Maintenance, etc.

Paragraph 4. The objectives of the Fellowship should be stated concisely and accurately.

PART II – NOMINEE'S PERSONAL HISTORY

The technical and/or specialized training data is indispensable in the formulation of the Fellow's programme to indicate what prerequisite/basic or advanced course may have to be added/eliminated to achieve the optimum result. The employment data is also an essential ingredient in the formulation of the programme, as it helps to define the type and level of the requested training.

PART III – LANGUAGE TEST

Unless a Fellow has had his/her academic education, especially High School and/or College, in the language of instruction to be used by the Host Countries proposed for the Fellowship, it is essential that a Language Test be administered at a certified Language School or at the local Embassy/Consulate of the Host Country to ascertain that the Fellow understands, reads, writes and speaks the instructional language sufficiently well to receive instruction in it.

PART IV-A and PART IV-B – MEDICAL REPORTS

It is essential that a nominee be healthy and free of any sickness which may require further examination and/or treatment during the tenure of the Fellowship. ICAO/UNDP will not pay any medical expenses incurred by a Fellow for sicknesses existing prior to the starting date of his/her Fellowship. Such expenses must be borne by the Fellow and/or his/her Government. A prospective Fellow must be examined by a medical doctor recommended by the local UNDP Office. Flight Crew Members and Air Traffic Controllers should take a thorough medical examination (Part IV-B) as specified in ICAO Annex 1, Chapter 6, paragraph 6.6, if they are pursuing a course leading to the award of a license. All others should take a general physical examination including a chest X-ray (Part IV-A).

INTERNATIONAL CIVIL AVIATION ORGANIZATION FELLOWSHIP NOMINATION FORM

NOTE: Each item must be completed in full and all entries should be typewritten or written in block letters. The completed form should be forwarded in triplicate to ICAO through the Office of the UNDP Resident Representative for the country concerned at least two months prior to the starting date of the proposed programme. The UNDP Resident Representative will in turn forward the completed Form in triplicate to the appropriate ICAO Regional Representative.

PART I – NOMINATION BY GOVERNMENT

The Government of _____ hereby:

1. Nominates: Mr./Mrs./Ms.* _____
(family name) (first name) (middle name)

for an ICAO fellowship in the field of _____
(Please identify main Field of Training in accordance with the Aviation Training Directory of ICAO, Section I – List of Training Courses)

2. Requests the following programmes of training under this fellowship:

(List in chronological sequence the various stages of training or study envisaged and identify the level as *ab initio*, advanced, refresher, further specialization, familiarization tour, on-the-job training (OJT), etc. If space is insufficient, please attach additional sheet using the same format.)

Host Country(ies)	Training Institute(s) (firms/organizations)	Specific Courses	Period		Duration (weeks)
			from	to	

Total duration

NOTE: The final fellowship study programme will be prepared by ICAO in consultation with the host countries and/or institutions, as the case may be. It may differ in detail, particularly regarding the duration of training and choice of host countries, from that requested. However, the objectives of the requested training programme will be respected by ICAO whenever possible.

*Delete that which is not applicable.
