Sir/Madam,

In this respect, the Eighteenth Workshop/Meeting of the ICAO SAM Implementation Group (SAM/IG/18) will be carried out at the facilities of this Regional Office, in Lima, Peru, from 17 to 21 October 2016.

This Meeting is aimed to follow-up the implementation of services, procedures and equipment for the improvements to the efficiency of air navigation capacity in the SAM Region, specially the implementation priorities specified in the Declaration of Bogota by which all SAM Region States were committed in its compliance during the 2014 - 2016 period. Since this meeting is the last to be carried out in 2016, it is expected that all participant States report the progress made and their planning for completion.

For a further analysis of the matters to be dealt with during this event, I am pleased to attach a draft Agenda and corresponding explanatory notes, as well as the tentative work programme (**Attachment A**). I will highly appreciate your comments or agreement with the same. I am also attaching information paper IP/01, (**Attachment B**), which contains general information on the event, as well as the participants registration form (**Attachment C**).

I am therefore pleased to invite your Administration/Organization to participate in this event, by sending to this Regional Office the list of your representatives if possible, **not later than 23 September 2016**, keeping in mind the following considerations:

In order to achieve the expected results, it is important that each State reports for the meeting the progress in each of the activities considered in the Agenda items of this meeting and regarding any activity established in the action plans and related projects, through working papers or information papers. In this sense kindly forward to this Regional Office, said information no later than **3 October 2016**. **Documents that could not be sent until that date must be provided in both languages** (English and Spanish) by the Administration/Organization that presents them.

States who wish to attend this event could make use of the following financing alternatives:

- a) Fellowships sponsored by Regional Project RLA/06/901, having two fellowships for each member State of this Project, having the interested administration to provide the air tickets to and from the host country to both participants;
- b) Fellowships from a national ICAO Technical Cooperation Project approved by your State; or
- c) Own resources of your Administration, in the lack of any of the previous alternatives.

For participants who require a fellowship from Project RLA/06/901, the ICAO fellowship nomination form is also attached (**Attachment D**), and must be completed and submitted to this Office no later than **23 September 2016**.

Information papers will be presented in its original language only, unless their authors facilitate translated versions.

The documentation of the event as working and information papers will be published in the ICAO SAM Office website: <http://www.icao.int/sam>. No documentation is foreseen for distribution during the event; therefore, it is recommended that participants bring a lap-top, or print the related documentation.
