

## ALTA – IATA ISSA Promotion Program

Latin American and Caribbean Air Transport Association

## OBJECTIVES:

ALTA recently signed an MOU with IATA to help in promoting the IATA Standard Safety Assessment (ISSA) across the Latin American region, and continues to support IATA's efforts to enhance governments' acceptance of the IATA Operational Safety Audit (IOSA) within their operational approval processes.

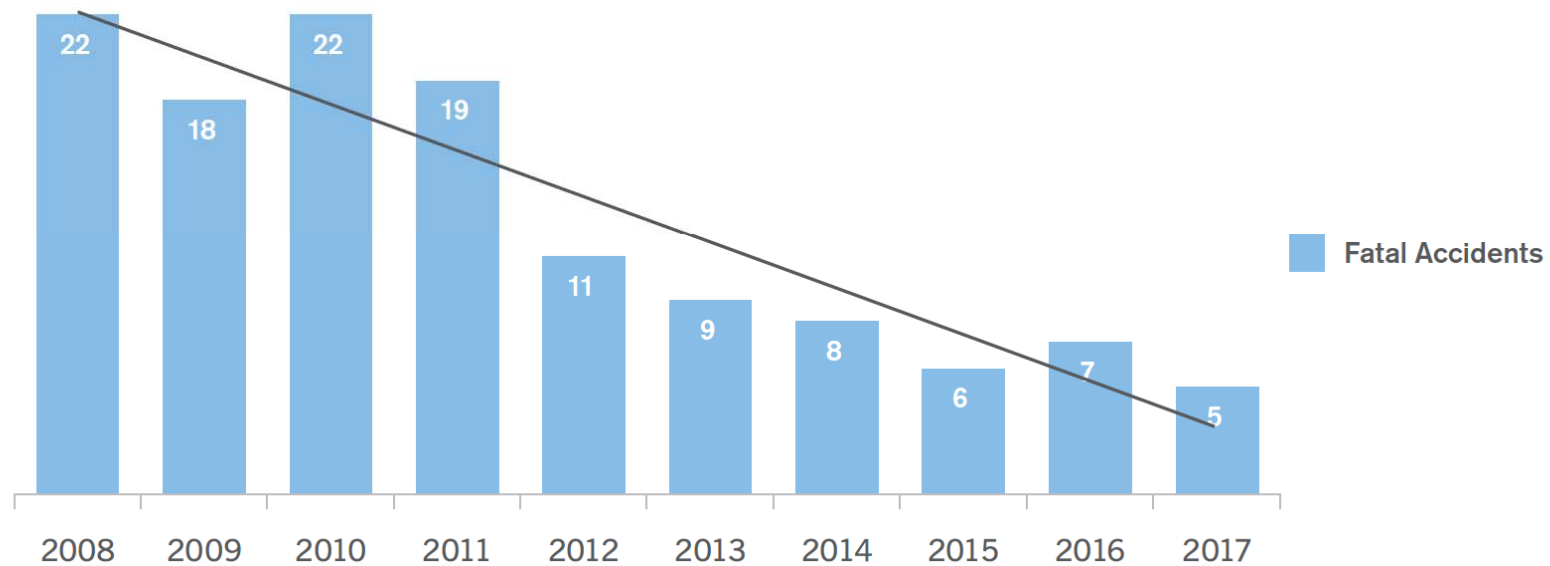

This collaboration will enable sharing best practices and raising awareness on the importance of adopting safety standards such as ISSA by operators of smaller aircraft (maximum take-off weight below 5,700 kg) that are not eligible for the IOSA program.

# Sharing Best Practices

Big step for small operators

# IATA Standard Safety Assessment (ISSA)

## What is ISSA?

ISSA builds on IATA's internationally recognized IOSA, assessing documentation and implementation of the Standards and Recommended Practices (SARPs) of the organization and management systems of the operator in eight key areas. Assessment standards are derived directly from IOSA Standards and Recommended Practices, introducing elements of the ICAO Safety Management System (SMS).

# Benefits

# IATA Standard Safety Assessment (ISSA)

## Benefits

- A global safety standard unique for commercial operators
- Measuring operator's conformity with relevant ICAO Requirements
- Gradual Implementation of Safety Management System (SMS) Elements
- Completion of assessment allows eligibility for entry into the online ISSA Registry
- Improved marketing and commercial advantages for operators
- Improved conditions for reduction of insurance premiums

# Eligibility

# IATA Standard Safety Assessment (ISSA)

## Eligibility

- Commercial passenger and/or cargo operations
- Aircraft with one or more turbine powered and/or multiple reciprocating engines
- Single and/or two-pilot operations
- IFR and/or VFR operations
- Aircraft below 5.7t MTOW
- Aircraft above 5.7t MTOW will be eligible for one ISSA initial assessment, after a two-year registration period, the operator needs to pursue an IOSA registration

# ISSA Implementation Training

Sponsored by IATA Airline Training Fund

# IATA Standard Safety Assessment (ISSA)

---

## ISSA Implementation Training - IIT

- Sponsored by IATA Airline Training Fund (IATF)
- Three workshop program that provide practical insight into ISSA and assist eligible airlines to effectively set up and develop a sound ISSA implementation plan

Promotion

Strategies for 2020 and beyond

# IATA Standard Safety Assessment (ISSA)

## Strategies for 2020 and beyond

- Regulators – Enhance government acceptance (SSP)
- IIT for SSP (States regulators) – 2020
- Commercial advantages – Insurance Companies
- AGM – Incentive Codeshares and Interlines with ISSA certified airlines
- Focus on passenger Safety
- Training development – online training for certification and recurrent
