  - What was easy
  - What was challenging
6. Outcomes:

4. Review national legislation framework
5. Review international instruments related to Facilitation
6. List all possible agencies for which internal coordination required
7. List potential tasks for each agency

→Chapter 6

- List the functions of the NATFC (page 5-3)

8. Time permitting, draft TORs and tasks for the Airport FAL Committee(s)
