Languages

The Meetings will be conducted in English. Documentation will be in English.

Visas

Participants are advised to ascertain at the respective Embassies whether or not they are exempt from the Kenyan entry visa requirement. South African visas may be obtained from the South Africa High Commissions or Embassies. In applying for the visa, it is advisable to produce the letter of invitation from ICAO, together with other documents which may be required by the High Commission or Embassy.

It is important to apply for visas well in advance to avoid delays and inconveniences. Participants should ensure that their travel documents and visa are valid prior to their departure to South Africa. **A Visa Requirements letter is attached herewith.**

Hotel Information

A list of recommended hotels is attached herewith. Participants may make booking directly or communicate their preferred hotels to the local team to do the bookings on their behalf. All accommodation costs will be for the participant's account.

Health

Participants must ensure they obtain travel insurance from their home country for the duration of their stay in South Africa.

Weather and local time information

The month of June is mostly partly cloudy in Durban with a minimum of 3 rainy days. The average temperature in Durban in June is very mild at 16.5 °C (61.7 °F). Afternoons can be really warm with average high temperatures reaching 22 °C (71.6 °F). Overnight temperatures are generally quite mild with an average low of 11 °C (51.8 °F). The range/ variation of daily average temperatures in June is 11 °C (19.8 °F). The weather in June is somewhat parched with infrequent rain. A paltry 28mm (1.1in) of H₂O is laid down across an average of 3 days. The skies in Durban are fine having on average a detectable 6:40 of splendid sunlight per day. The shortest day is 10:11 long and the longest day is 10:19 long with an average length of 10:13. There are approximately 3:25 per day when bright sunshine is absent due to cloud, haze or the sun being too low on the horizon to register. It is sunny approximately 66.1% of daylight hours and cloudy 33.9% of daylight hours. Additional information can be obtained online via:

To : **The South African High Commission**
The South African Visa Application Center

From : ATNS, SM: ATM Research & Planning
 Mr. Simon Zwane

Date : 09 April 2018

Subject : **Visa Application – the CAFSAT Network management committee (CNMC), FANS 1/A Interoperability Team (SAT/FIT) Meeting on the improvement of Air Traffic Services over the South Atlantic (SAT), Durban South Africa**

Dear Sir/Madam

Air Traffic and Navigation Services (ATNS) is hosting the CAFSAT Network management committee (CNMC), FANS 1/A Interoperability Team (SAT/FIT) and Meeting on the improvement of Air Traffic Services over the South Atlantic (SAT), from the 4th of June until the 8th of June 2018, at the Southern Sun Maharani Hotel, Durban South Africa.

The CNMC is a technical meeting that explores ways and means to further enhance the provision of air traffic services in South Atlantic (SAT) Corridor through established interregional coordination mechanism. The first meeting (CNMC), is a technical meeting where ATNS technical personnel is required to attend. The other two meetings (SAT/FIT and SAT) is required to be attended by ATNS ATM personnel.

The SATFIT was established to oversee FANS 1/A system performance monitoring in the SAT and EURO SAM Corridor to ensure that the system continues to meet safety and interoperability requirements and that operations and procedures are working as specified. South Africa is part of this group due to services rendered over the oceanic airspace as delegated by ICAO. The meeting also adopted to develop action plans to enable implementation of the adopted conclusions/decisions from past meetings. This is to enable states which are struggling to implement conclusions/decisions as adopted in past meetings under the ICAO statement of “No Country Left Behind”.

The SATFIT team comprises of experts from States responsible of Flight Information Regions (FIRs) in AFI and EURO SAM routing areas AR1/AH2 and AR2/AH8 as defined in the Global Air Navigation Plan (ICAO Doc 9750), and experts from adjacent FIRs and international organizations with Mr. Simon Zwane as appointed Chairperson.

It is for this reason that we humbly request your assistance in granting the following traveler a visa to enable them to attend this event.
