- Agenda Item 2: Analysis of Version 05 of the SAM ATS routes network and SAM-CAR inter-regional ATS routes
- Agenda Item 3: Other business

EXPLANATORY NOTES

Agenda Item 1: Review of the South American Region ATS Routes Network Optimization Programme and of the PBN implementation improvements

Under this Agenda Item, the Meeting will have the opportunity to review the South American Region ATS routes network optimization Programme. The Programme is aimed at the routes network re-structuring, and the broad implementation of RNAV-5 navigation specification, RNP-4, RNP-2, and others, as well as the concepts of direct routing and free routing of the GANP (version 2019), seeking the most efficient integration among ATS regional routes and the entry and exit points of the main TMA.

Agenda Item 2: Analysis of Version 05 of the SAM ATS routes network and SAM-CAR inter-regional ATS routes

The meeting will conduct activities for the implementation of Version 05 of Route Network which was developed with the support of the RLA/06/901 Regional Project, in the area of SAM regional routes, including a list of proposals for inter-regional (SAM-CAR) RNAV routes.

In this sense, proposals for routes which optimization will generate significant operational advantages and favor inter-regional harmonization will be selected, leading to the formulation of implementation schedules. The deadlines for publication and entry into force will be agreed.

Agenda Item 3: Other business

Under this Item, the Meeting will have the opportunity to review related subjects not discussed in the above indicated items.
