# Background

- Last Friday, April 24, the SAM States held the Virtual Meeting of Directors General on the Region's response to COVID-19.
- Meeting concluded that:
  - The creation of a strategic working group on the guidelines for a regional recovery strategy.
  - Request the SRVSOP Aviation Medicine Panel to develop a health protocol.

ORGANIZACION DE AVIACION CIVIL INTERNACIONAL

Oficina Regional Sudamericana

REUNION VIRTUAL DE DIRECTORES GENERALES DE LA  
REGION SAM SOBRE LA RESUESTA DE LA REGION AL COVID-19

INFORME EJECUTIVO

(24 de abril de 2020)

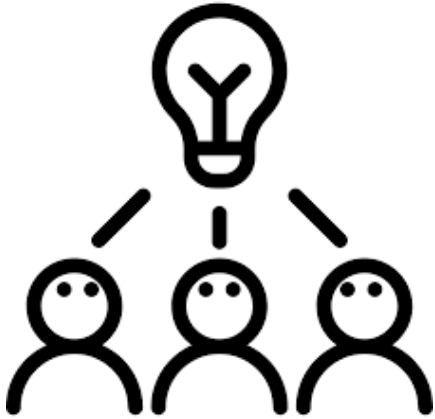

# Objectives

- Convene States, through the use of virtual tools, to work together on a Regional Strategy.
- Validate Strategy.
- In accordance with the strategy, agree on at least **three (3) activities** to be carried out in the short term by States / ICAO.

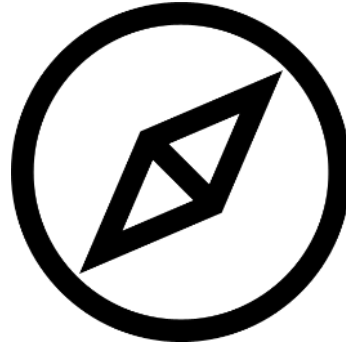

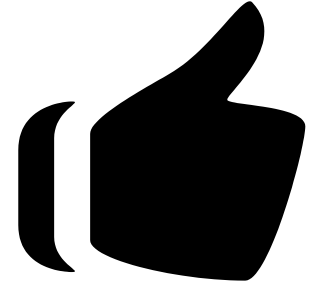

# Objectives

Brainstorming

Experience

Agreements

# Methodology

1. Virtual Meetings of approximately one hour
2. Plenary + Team working.
3. Working groups carry out analysis and present it to plenary.
4. Plenary reaches an agreement on the strategy and at least 3 activities.
5. Secretariat attends and takes note of inputs from working groups and prepares proposal to submit to DGs Virtual Meeting.
6. The proposal is agreed, and the activities begin.

# Tools

# Important points to consider

1. Any participant can contribute by other means (email [SAM\\_COVID-19@icao.int](mailto:SAM_COVID-19@icao.int)).
2. THE MURAL will remain open, so after this session, in the next sesión and between sessions, participants can contribute continuously (at their own pace).
3. If your need is not considered by the majority in this first exercise, it is important that it still be placed on the mural (*Parking Lot* section). Every idea is important and will be considered.

# What we are looking for at the end of the day?

1. Prioritize and choose at least **three (3) initiatives** in which we can work in the **short term**.
2. Have a first draft of the strategy as a group (to be refined in subsequent sessions).
3. Use this tool as a continuous means of coordination between the working groups and ICAO SAM.
