Aspects of Coordination between RASG-PA and GREPECAS

Report on the joint activities developed by RASG-PA and GREPECAS, and on those activities that where the coordination of both regional Groups is to be follow-up within their respective work program of the other group.

Explanatory Notes

The RASG-PA plenary meeting is about reporting to members on the activities carried out during the last year, in preparation for the report to the ANC and the ICAO Council. In order to be able to take advantage of the short duration of the meeting, it is important to take into account the high-level nature of this meeting, and its informative nature, and avoid dealing with topics that fall within the scope of the ESC.

The approval of projects, safety improvement initiatives, supervision of work teams, and the approval of the Annual Report are attributions of the ESC, and therefore should not be discussed in the plenary meeting, beyond reporting from the ESC to all the members.

States and Organizations are encouraged to present Working Papers on any Agenda Item on subjects that do not correspond to the ESC attributions, and that require manifestation from the Plenary.

Agenda item 1

Administrative matters of RASG-PA

ESC Co-Chairpersons, or the Secretariat on their behalf, will present a review on the execution status of ESC Conclusions and Decisions, as well as a summary on PA-RAST and SMRT activities.

Agenda item 2

Status on the implementation of GASP in the Pan-American Region

ESC Co-Chairpersons, or the Secretariat on their behalf, will present the status of implementation of the GASP and the implementation progress in the last year in the Pan-American Region, based on the status of the RASG-PA indicators.

Agenda item 3

Implementation problems and possible solutions

ESC Co-Chairpersons, or the Secretariat on their behalf, will present the projects and activities that are being carried out to mitigate the implementation gaps of the GASP. If the solutions involve the intervention of the ANC or the Council, they will be presented in Item 5.
