CNS/SUR SUBGROUP

Conclusion SAM/IG/25-07 Space-based ADS-B Implementation through a Regional Technical Cooperation Project

That the Secretariat:

- a) Consult Trinidad & Tobago about the interest of participating in the potential regional implementation of space-based ADS-B together with Chile and Panama, initially;
- b) Start the procedures together with the Technical Cooperation Bureau (TCB) to enable the contracting of the service through the Regional Project RLA/03/901; and
- c) Organize an Ad-hoc group of the Regional Project RLA/03/901, with the States interested in participating in the regional implementation of Space-based ADS-B, for the preparation of the necessary documents for the potential contracting of the service.

Expected impact:

- Political / Global
- Inter-regional
- Economic
- Environmental
- Technical / Operational

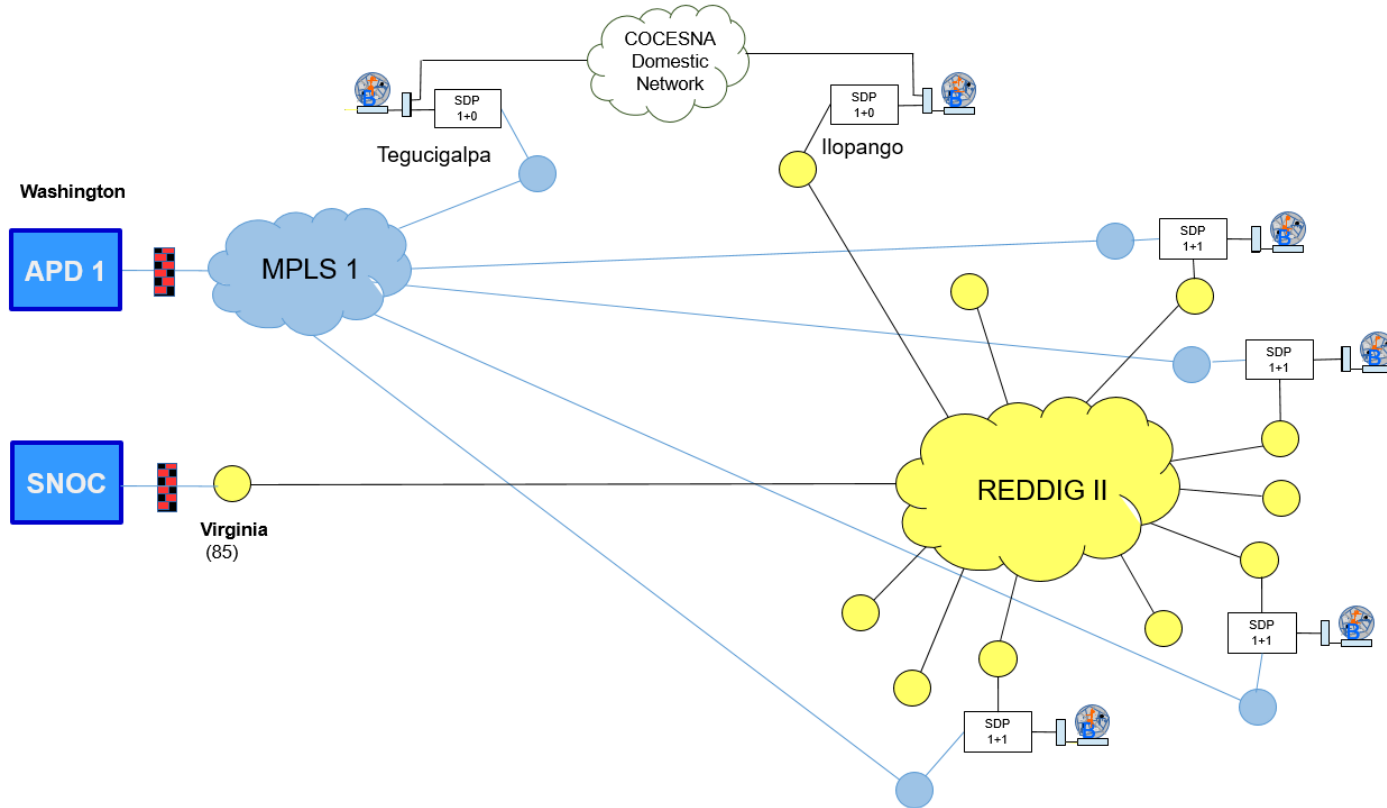

Why:
Provide the States that expressed interest in the implementation of Space-based ADS-B with the necessary support for contracting the service.

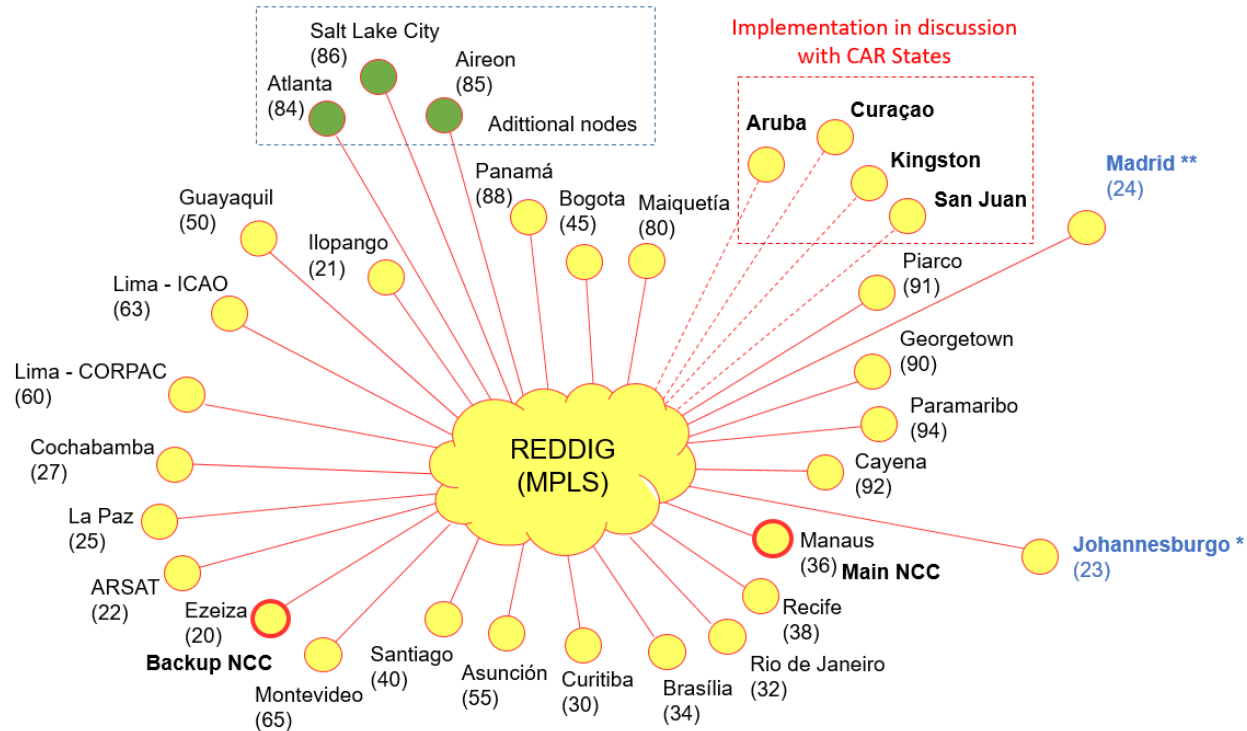

When:
Immediately

Situation:
Adopted in SAM/IG/25

Who:
 Coordinators States ICAO SAM Secretariat TCB Other: Industry/Users

- Trinidad & Tobago has expressed interest in participating in a potential implementation of Space-based ADS-B, through a Regional Technical Cooperation Project (RLA/03/901).
- TCB (Technical Cooperation Bureau) has provided the information and administrative costs that an implementation would involve through the Regional Technical Cooperation Project RLA/03/901 (REDDIG II).
- A draft of technical specifications has been prepared and circulated for review by the 3 States interested in the implementation of Space-based ADS-B.

* Node implemented by Argentina

** Node implemented by Argentina, Brazil and Venezuela
