Dear Sir/Madam:

I wish to refer to the program of activities that was adopted at the Fifteenth Meeting of the Coordination Committee of the Regional Project RLA/06/901 (RCC/15, Virtual, December 2, 2021) and invite your Administration to participate in the **Webinar on Obstacles Limitation Surfaces for the SAM Region**, which will be held through the Zoom platform, on 13 October 2022.

The objective of this event is to increase awareness in States and airports of the SAM Region of the proposed changes to the regulations and recommended practices of ICAO Annex 14 Vol. I (Chapter 4) and to obtain comments from States and industry in preparation for the ICAO adoption for global applicability. Also, seek to share experiences and show the work of the SRVSOP on the subject.

Taking into account the above, I ask you to take into consideration the profile of the participants and propose specialists from Aerodrome Operations and Ground Aids (AGA/AOP) and obstacle analysts (planners), in addition to extending the invitation to the operators of airports and air navigation service providers.

The opening session will be held on **13 October 2022 at 08:30 Lima time (13:30 UTC)**. To register for this event, delegates can access the following link:
