SAMHADRA23

## HADRA Webinar for the SAM Region 27 June 2023

**SUBJECT TO CHANGE**  
**Lima local times (GMT-5)**

Workshop objectives:

- Disseminate information on the HADRA Guidance and the development of ASIT to ICAO Member States;
- Information sharing on the challenges faced by all parties involved in disaster response mechanisms (e.g. States – Civil aviation authorities and national disaster management authorities; aircraft operators; airport operators; UN entities);
- Identification of follow-up actions at the regional level and in connection with the work of HADRA;
- Establishment of a network of Points of Contact in the States accredited to the SAM Regional Office;
- Serve as part of the activities to support RAAC12/9 Conclusion by SAM States to create a regional contingency plan to address natural disasters and/or catastrophic events.
