The Seventeenth Meeting of Directors of Civil Aviation of the SAM Region (RAAC/17)

The RAAC/17 will be held in person from April 10 to 14, 2023 at the National Aeronautical and Space Museum located in Santiago, Chile.

The event will be accompanied by a Seminar on Sustainable Fuels (SAF) and the SRVSOP General Board Meeting.

With the objective of offering a greater space for bilateral or multilateral meetings between the various attendees, and at the same time allowing the Directors of Civil Aviation to carry out a strategic exercise and evaluate the course of regional aviation after the pandemic, aligned with the IWAF/4 Declaration and with a view to the future (2035), the Meeting has been divided into two phases: an **ASYNCHRONOUS** virtual preliminary phase and the face-to-face phase.

What is Asynchronous Phase?

RAAC/17 has two phases:

An "asynchronous" virtual phase, where States will be able to review and comment on the working and information papers "in their time".

A face-to-face phase, where the Directors of the CAAs of the States will be able to exchange and work as a team to achieve the objectives of the Meeting.

What is it proposed for?

More space for bilateral or multilateral meetings

Focus of the face-to-face session on the objectives of the Meeting

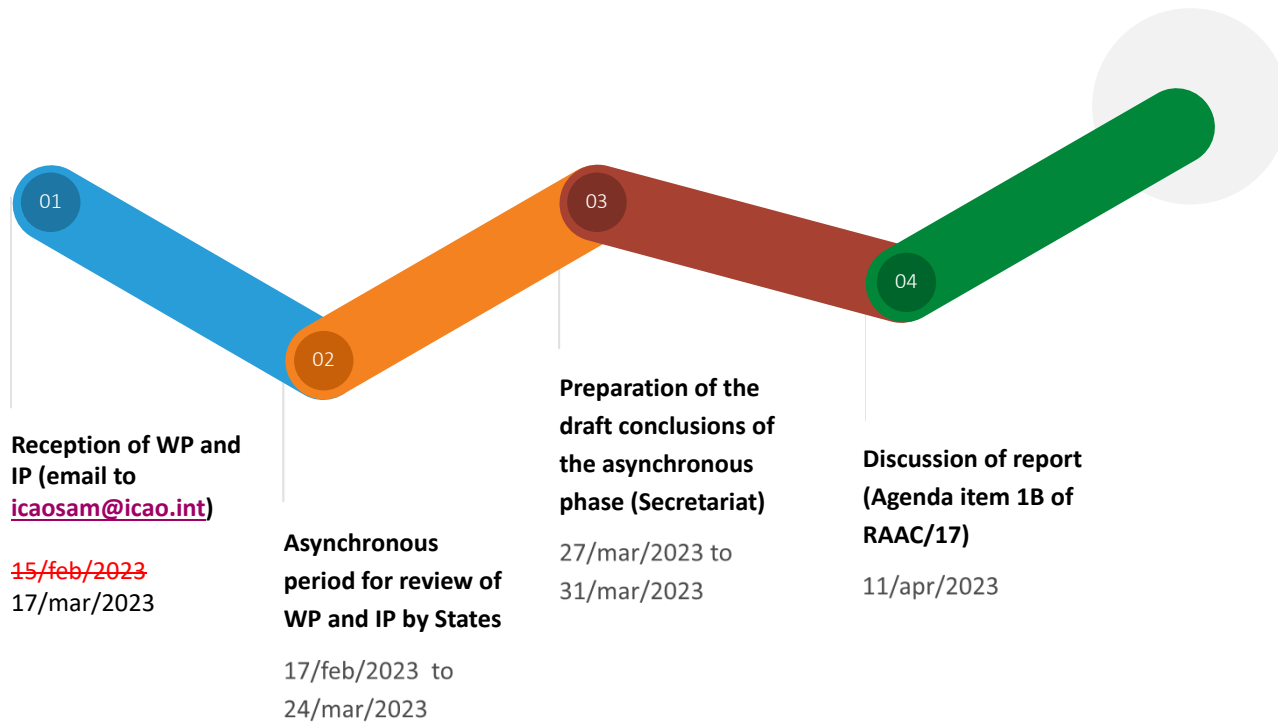

Dialogue and feedback is remote and flexible, the forum (blog) facilitates interaction, especially in technical matters

Decision making will be facilitated in the face-to-face session, based on asynchronous phase results
