Subject: **Eighth Meeting of the GREPECAS Aeronautical Meteorology Subgroup
(AERMETSG/8)
Santiago, Chile, 9 to 13 October 2006**

Action
required: **Your reply no later than 28 August 2006**

Sir,

I have the honour to invite your Administration to the Eighth Meeting of the GREPECAS Aeronautical Meteorology Subgroup (AERMETSG/8), which will be held in Santiago, Chile, from 9 to 13 October 2006, jointly with the meetings of the AERMET/SG Task Forces. The work of the Subgroup will be in English and Spanish and simultaneous interpretation service will be provided. Please note that Monday, 9 October will be reserved for the work of the Subgroup Task Forces meetings.

In accordance with paragraph 1.3.5.1.3 of GREPECAS Procedural Handbook, specialists from the States with experience in the area under consideration (whether they are members of GREPECAS or not) should participate in the meetings of the Subgroups. Therefore, if your Administration has delegated the provision of MET services to a National Meteorological Service and the member of the Subgroup belongs to the DGCA, it would be important that a specialist in Aeronautical Meteorology also participates in the Meeting or from the Meteorological Service to which this function was delegated.

Enclosed you will find WP/01 with the provisional Agenda and the corresponding explanatory notes. You will also find, as **Attachment A**, the list of members of the Subgroup and/or its Task Forces from your Administration/Organization.

In this regard, would you please inform whether your Administration/Organization wish to submit any Working Paper (WP) or Information Paper (IP), in which case, I would ask you to send your documentation to this Office by 11 September 2006, in order to permit timely translation and processing. If the documentation is to be presented in both languages, the deadline is 25 September 2006. The information papers will be prepared in their original language only, unless translated versions are provided by the originators of such papers.

Additionally, please be informed that all the documentation regarding this meeting will be timely available at GREPECAS website: www.lima.icao.int, (username: carsamrpg; password: ccretkode).

I would very much appreciate your confirming, as soon as possible, the participation of your Administration/Organization at the meeting, providing, should it be the case, updated information of the members of the Subgroup and/or its Task Forces, included in Attachment A.

Accept, Sir, the assurances of my highest consideration.
