1. Introduction

1.1 The SAM/AIM Meetings follow up on the implementation of the NOTAM Contingency Plan.

1.2 Communications with States had indicated difficulties in updating the Contingency Plans.

1.3 Contingency Plans have been implemented due to situations that have arisen in some States of the SAM Region.

2. Discussion

2.1 During SAM/AIM/16, information regarding the NOTAM Contingency Plan was updated.

2.2 The Meeting will recall that, in SAM/AIM/16, in the NOTAM Contingency Plan, data for Bolivia and Panama have been updated. The status of NOTAM Contingency Plans is presented as Appendix A to this study note.

2.3 The State of Venezuela continues to have no support in relation to the International NOTAM Office (NOF). Insistence has been made with Venezuela and Colombia to sign the letters of agreement to establish the NOF offices of support, a procedure that should be reviewed at this meeting.

2.4 States should carry out transfer of responsibilities tests to review the applicability of the Contingency Plans. It is important to mention that, in this semester, a State in the Region has experienced

difficulties in the electrical system that made it difficult to issue NOTAM messages for a period, not considerable, and that could have been the cause of activating this Plan.

2.5 On the same point, Paraguay and Chile have reported tests carried out to verify the validity of the NOTAM Contingency Plan and the support provided to it by the NOF of Chile to the NOF of Asunción

2.6 States are requested to provide information on the implementation of the NOTAM Contingency Plan.

3. **Action Required**

3.1. The Meeting is invited to:

- a) take note of the information presented in the WP;
- b) provide information to update the table in Appendix A; and
- c) consider establishing bilateral tests to verify the validity and applicability of the NOTAM Contingency Plan
- d) consider other actions.
