

Promotion of Measures against Laser Illumination of Aircraft by Government of Japan

- Partial revision of Ordinance for enforcement of the Civil Aeronautics Act
 - Provision of “any action as may be specified by Ordinances of the Ministry of Land, Infrastructure, Transport and Tourism, which might affect the flight of aircraft” stipulated in Article 99-2 (1) of Civil Aeronautics Act shall be amended to include an action to illuminate aircraft flying the airspace around airports with laser.

- Partial revision of Ordinance of Special Act for the Civil Aeronautics Act
 - Taking into account the similar actions against U.S. military planes etc., relevant stipulation shall be amended so that the above Article 99-2 of the ACT can cover such actions as might affect the flight of aircraft.

Promulgated : 28 October 2016

Enforced : 21 December 2016

<Cabinet meeting (Cabinet order) : Tuesday, 25 October 2016>
