

Dear Dr. Fang Liu:

In response to State letter AS8/5-18/17, dated 13 February 2018, I hereby wish to inform you of the following:

The State Aviation Administration of Ukraine has prepared a draft order "*On the Adoption of Aviation Regulations of Ukraine – Rules for using the airspace of Ukraine,*" which contains the provisions required for resolving issues related to the use of high-intensity light and laser illumination.

Concurrently, the State Aviation Administration of Ukraine has initiated work on the development of changes to the legislation of Ukraine, which provides for the establishment of administrative and criminal responsibility for laser attacks against civil aircraft.
