

SYNOPSIS

ACCIDENT

On November 17, 2013 at 15:24 UTC (hereinafter, if not specified otherwise, UTC time is used; local time being 4 hours ahead of UTC time), at night time, a Boeing 737-500 (53A) aircraft registered VQ-BNN operated by Tatarstan Airlines JSC crashed while conducting a go-around after the terminated approach to RWY29 of Kazan International Aerodrome. The airplane had been conducting a domestic scheduled passenger flight TAK 363 from Moscow (Domodedovo, UDD) to Kazan (UWKD).
