

Aerodrome Certification

Virtual Classroom

Aerodrome Certification

Virtual Classroom

Many international airports are yet to be fully certified and many that are certified are unable to apply the Standards and Recommended Practices (SARPs) as laid out in ICAO Annex 14 — Aerodromes and the Manual on Certification of Aerodromes (Doc 9774). The objective of this course is to provide airport operators with the knowledge and skills required to practically apply and maintain the aerodrome certificate.

▶ **LEARNING OBJECTIVES**

After having successfully completed this course, participants will be able to:

- identify the purpose, process, and requirements to obtain aerodrome certification;
- identify the relevant ICAO documents and their purpose in aerodrome certification;
- implement ICAO SARPs pertaining to aerodrome certification;
- obtain “tips” from experts who have certified aerodromes; and
- participate with others from the industry in certification exercises.

▶ **TARGET POPULATION**

Participants should be involved in the aerodrome certification process and in their capacities as:

- Director/Manager Operations;
- Airport Operations Supervisor;
- Director/Manager Safety, Safety Supervisor/Officer;
- Ground Movement Controller/Apron Controller;
- Airside Maintenance Manager;
- Director/Manager Ground Handling;
- Airside Planner/Engineer; and
- Airport Authority Regulator.

▶ **STRUCTURE OF THE COURSE**

Duration: 5 days

Delivery Mode: Virtual Classroom

Language of instruction: English
