ICAO Training Weeks

Further to the success of the first “ICAO Training Week” launched in 2020, GAT is organizing a series of “ICAO Training Weeks” in 2021, focusing on various training areas enabling aviation professionals to learn and connect with their peers via a virtual platform.

The purpose of this initiative is to create virtual training events that bring aviation professionals, industry specialists, ICAO experts, and other air transport stakeholders together under one theme to discuss latest trends, share challenges, and exchange on industry best practices. Additionally, participants of each ICAO Training Week will take part in an ICAO training course relevant to the theme of the Week.

Each ICAO Training Week will include:

-  Virtual opening ceremony
-  Technical panel of experts addressing the theme of the week
-  Simultaneous delivery of training courses in various ICAO languages and scheduled in different time zones
-  Provision of course completion certificate

Upcoming Training Weeks:
