

ICAO TRAINING

TRAINING IN FIGURES

TRAINAIR PLUS™

2021-2023

A STATISTICAL ABSTRACT OF ICAO TRAINING ACTIVITIES

ICAO TRAINING IN FIGURES

This year 2021-2023 edition of the ICAO Training in Figures presents a statistical overview of training activities undertaken by ICAO Training, the TRAINAIR PLUS Members and Partners, and ICAO's Air Transport Bureau (ATB) through its network of regional Aviation Security Training Centres (ASTCs).

The abstract provides a comprehensive and detailed analysis of global and regional training initiatives undertaken by the International Civil Aviation Organization over the past three years. This analysis encompasses a historical series of data, including the number of trainees, the training courses delivered, the courses developed, and the training centres assessed. The data is further complemented by detailed information on regional distribution and specific thematic areas of focus. In addition to quantitative metrics, the abstract highlights the gender distribution across all regions, aiming to provoke critical reflection on the strategies and actions required to promote gender equality within the aviation sector. By addressing gender disparities, the abstract underscores the importance of fostering a more inclusive environment that supports equal opportunities for all individuals in aviation industry.

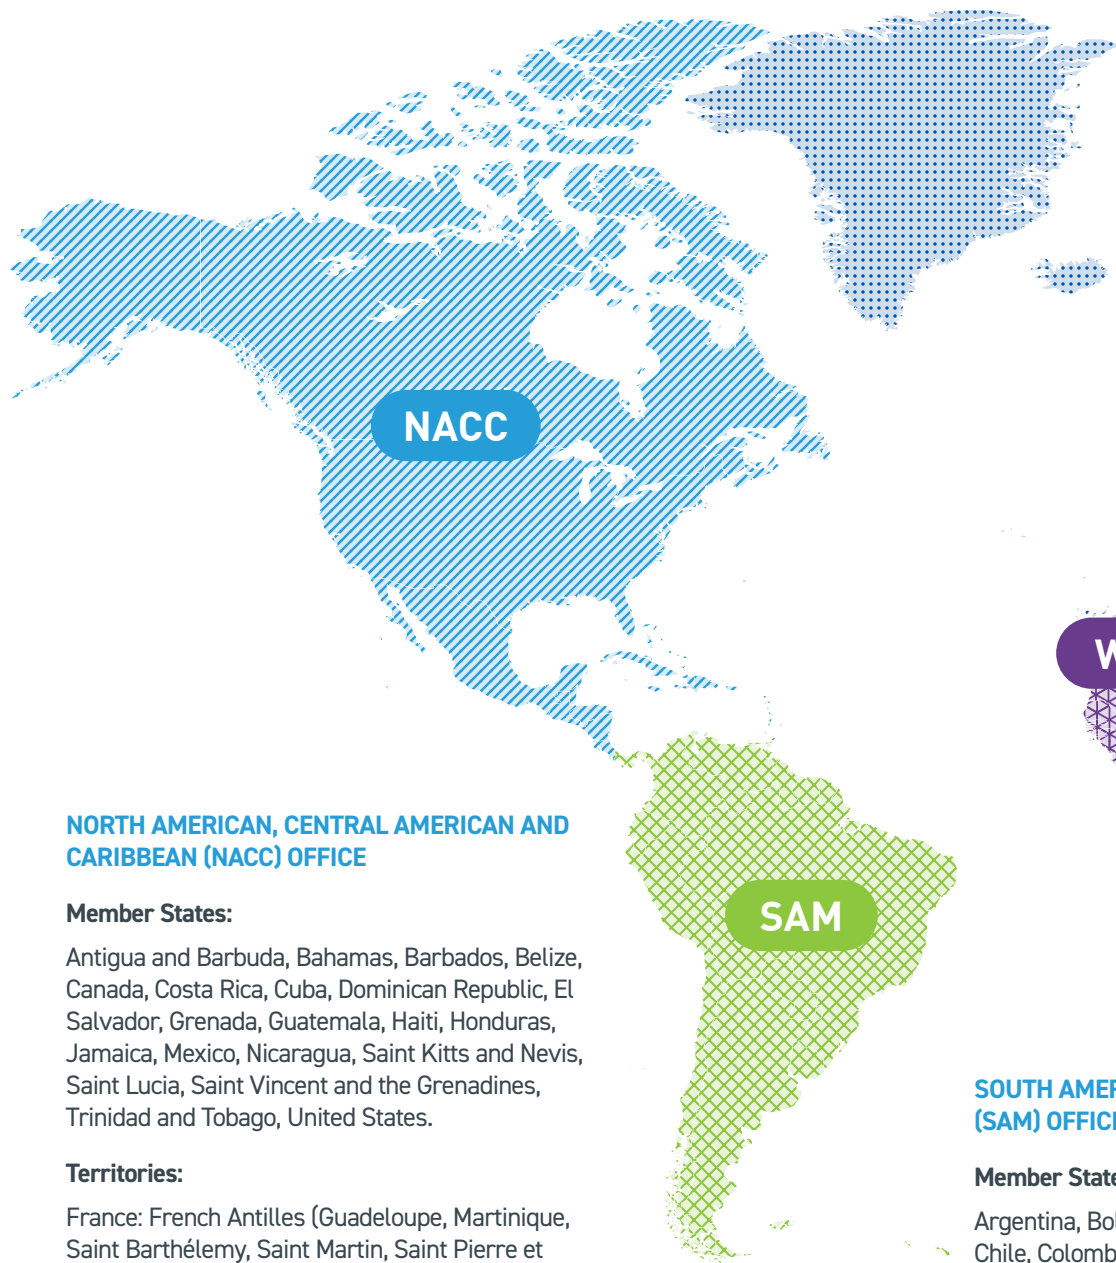

Each thematic outlook within the report is examined through the lens of economic, social, and cultural factors that impact access to training. These factors are crucial as they influence the availability and accessibility of training opportunities across different regions. The abstract emphasizes the need for a nuanced understanding of these factors to inform the continuous evolution of ICAO's training strategy. ICAO's commitment to integrating these considerations into its strategic planning is pivotal. A careful and deliberate approach to addressing economic, social, and cultural barriers can significantly enhance access to training and education in civil aviation. This, in turn, contributes to the broader goal of capacity-building within the industry.

Furthermore, the abstract suggests that a thorough and ongoing evaluation of training initiatives is essential to ensure that the high-quality of products and services provided by ICAO is maintained at all times. By regularly assessing the effectiveness of training programs and the performance of training centers, ICAO can ensure that its training offerings remain relevant and responsive to the needs of the global aviation community. In conclusion, the abstract provides a holistic overview of ICAO's training efforts, highlighting the importance of gender equality, regional and thematic considerations, and the continuous improvement of training strategies. By addressing these critical aspects, ICAO aims to enhance the quality and accessibility of training in civil aviation, ultimately contributing to the successful capacity-building and advancement of the industry.

Please note that the contents of this Statistical Abstract is with data as of 31 December 2023.

TABLE OF CONTENTS

Member States	4-5
Global Overview	6-7
Courses Delivery	9
Number of Trainees Globally	10-11
Trainees by Thematic Area	12
Instructors, SMEs and ISD Validators	13
Gender Distribution in ICAO Training Courses	14-15
ICAO Aviation Security Training by ICAO Region	16-19
Course Development	21
Course Developpe by ICAO Regions	22-26
Assessments of Training Centres	28-29
Fellowships	30-31
Members and Partners of the TRAINAIR PLUS™ Programme	32-35

NORTH AMERICAN, CENTRAL AMERICAN AND CARIBBEAN (NACC) OFFICE

Member States:

Antigua and Barbuda, Bahamas, Barbados, Belize, Canada, Costa Rica, Cuba, Dominican Republic, El Salvador, Grenada, Guatemala, Haiti, Honduras, Jamaica, Mexico, Nicaragua, Saint Kitts and Nevis, Saint Lucia, Saint Vincent and the Grenadines, Trinidad and Tobago, United States.

Territories:

France: French Antilles (Guadeloupe, Martinique, Saint Barthélemy, Saint Martin, Saint Pierre et Miquelon)

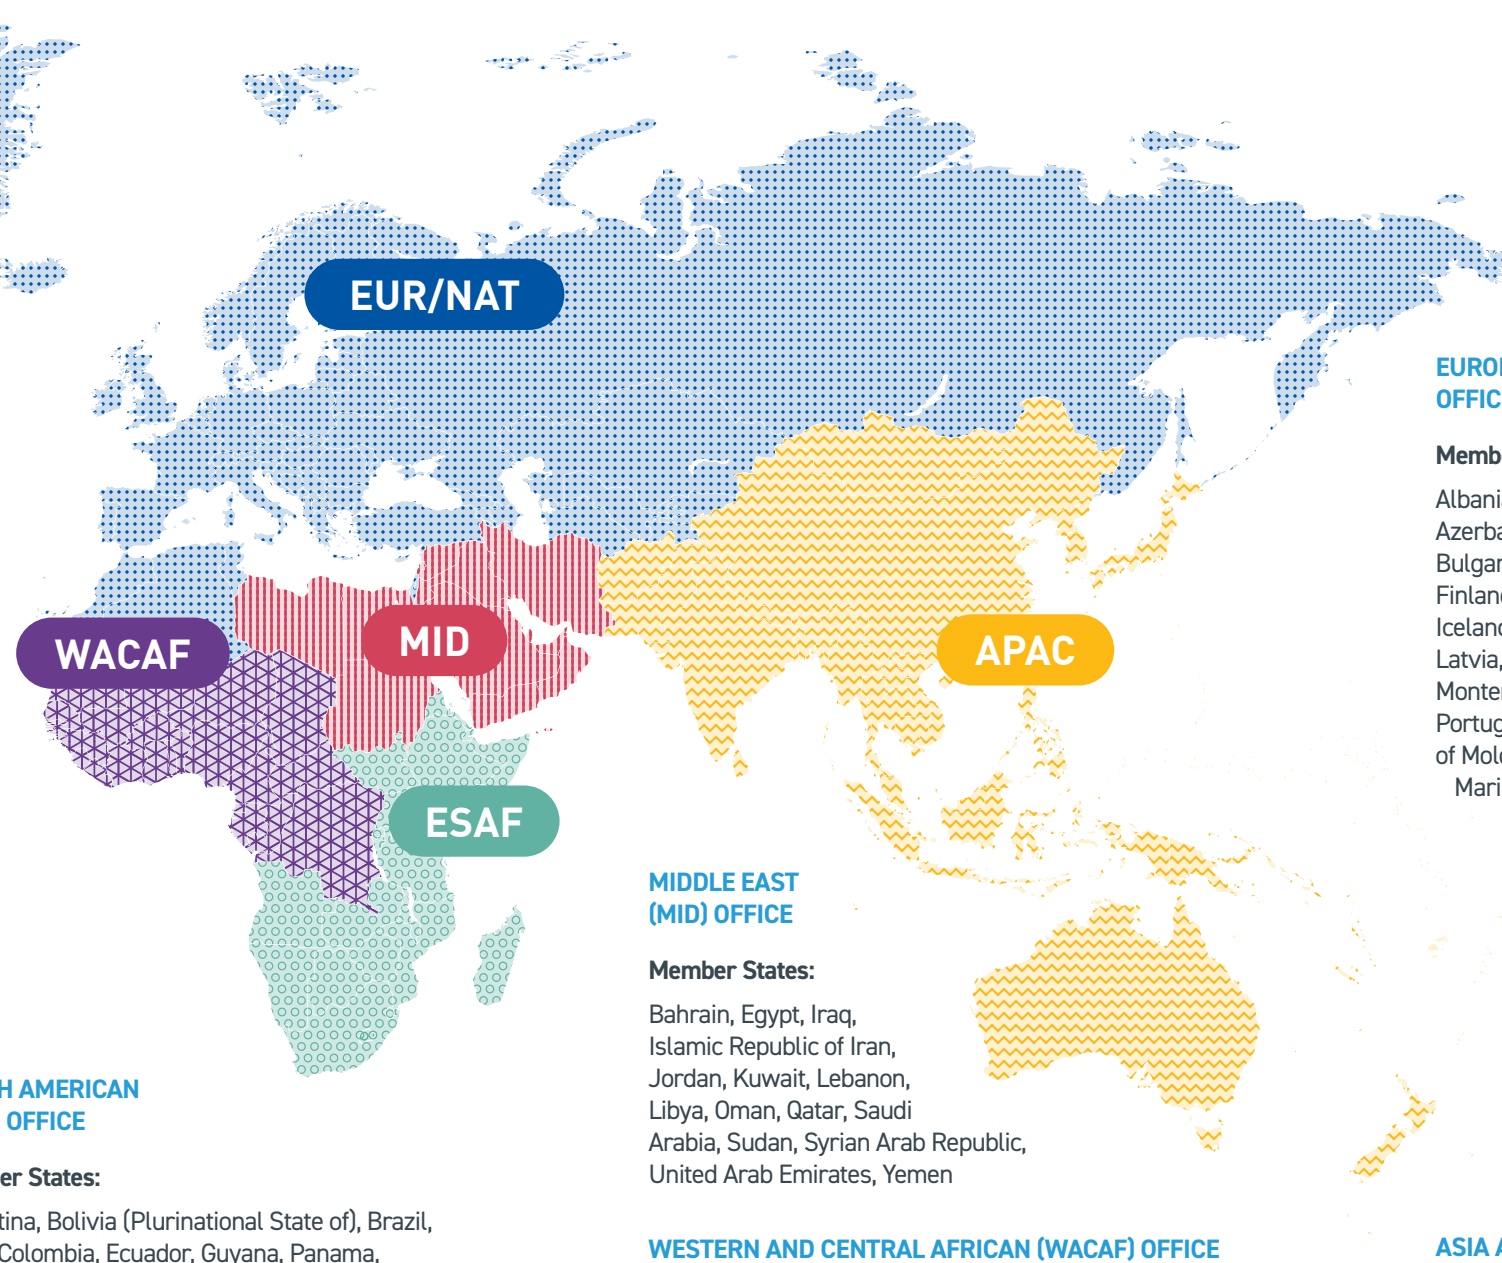

Netherlands: Aruba, Curaçao, Sint Maarten, Bonaire, Saba, Sint Eustatius

United Kingdom: Anguilla, Bermuda, British Virgin Islands, Cayman Islands, Montserrat, Turks and Caicos Islands

United States: Puerto Rico, Virgin Islands.

GLOSSARY

ICAO Regional Offices: the Regional Offices are primarily responsible for maintaining continuous liaison with the States to which they are accredited and with appropriate organizations, regional civil aviation bodies and UN Agencies and programmes. They ensure interregional coordination and promote the timely and harmonized implementation of ICAO policies, resolutions, decisions, Standards and Recommended Practices (SARPs) and air navigation and aviation safety plans. There are seven ICAO Regional Offices.

EUROPEAN AND NORTH ATLANTIC (EUR/NAT) OFFICE

Member States:

Albania, Algeria, Andorra, Armenia, Austria, Azerbaijan, Belarus, Belgium, Bosnia and Herzegovina, Bulgaria, Croatia, Cyprus, Czechia, Denmark, Estonia, Finland, France, Georgia, Germany, Greece, Hungary, Iceland, Ireland, Israel, Italy, Kazakhstan, Kyrgyzstan, Latvia, Lithuania, Luxembourg, Malta, Monaco, Montenegro, Morocco, Netherlands, Norway, Poland, Portugal, The Republic of North Macedonia, Republic of Moldova, Romania, Russian Federation, San Marino, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Tajikistan, Tunisia, Turkey, Turkmenistan, Ukraine, United Kingdom, Uzbekistan.

MIDDLE EAST (MID) OFFICE

Member States:

Bahrain, Egypt, Iraq, Islamic Republic of Iran, Jordan, Kuwait, Lebanon, Libya, Oman, Qatar, Saudi Arabia, Sudan, Syrian Arab Republic, United Arab Emirates, Yemen

WESTERN AND CENTRAL AFRICAN (WACAF) OFFICE

Member States:

Benin, Burkina Faso, Cameroon, Cape Verde, Central African Republic, Chad, Congo, Côte d'Ivoire, Democratic Republic of the Congo, Equatorial Guinea, Gabon, Gambia, Ghana, Guinea, Guinea-Bissau, Liberia, Mali, Mauritania, Niger, Nigeria, Sao Tome and Principe, Senegal, Sierra Leone, Togo.

EASTERN AND SOUTHERN AFRICAN (ESAF) OFFICE

Member States:

Angola, Botswana, Burundi, Comoros, Djibouti, Eritrea, Ethiopia, Kenya, Lesotho, Madagascar, Malawi, Mauritius, Mozambique, Namibia, Rwanda, Seychelles, Somalia, South Africa, South Sudan, Swaziland, Uganda, United Republic of Tanzania, Zambia, Zimbabwe.

ASIA AND PACIFIC (APAC) OFFICE

Member States:

Afghanistan, Australia, Bangladesh, Bhutan, Brunei Darussalam, Cambodia, China, Hong Kong China, Macao China, Cook Islands, Democratic People's Republic of Korea, Fiji, India, Indonesia, Japan, Kiribati, Lao People's Democratic Republic, Malaysia, Maldives, Marshall Islands, Micronesia (Federated States of), Mongolia, Myanmar, Nauru, Nepal, New Zealand, Pakistan, Palau, Papua New Guinea, Philippines, Republic of Korea, Samoa, Singapore, Solomon Islands, Sri Lanka, Thailand, Timor Leste, Tonga, Tuvalu, Vanuatu, Viet Nam.

SOUTH AMERICAN (SAM) OFFICE

Member States:

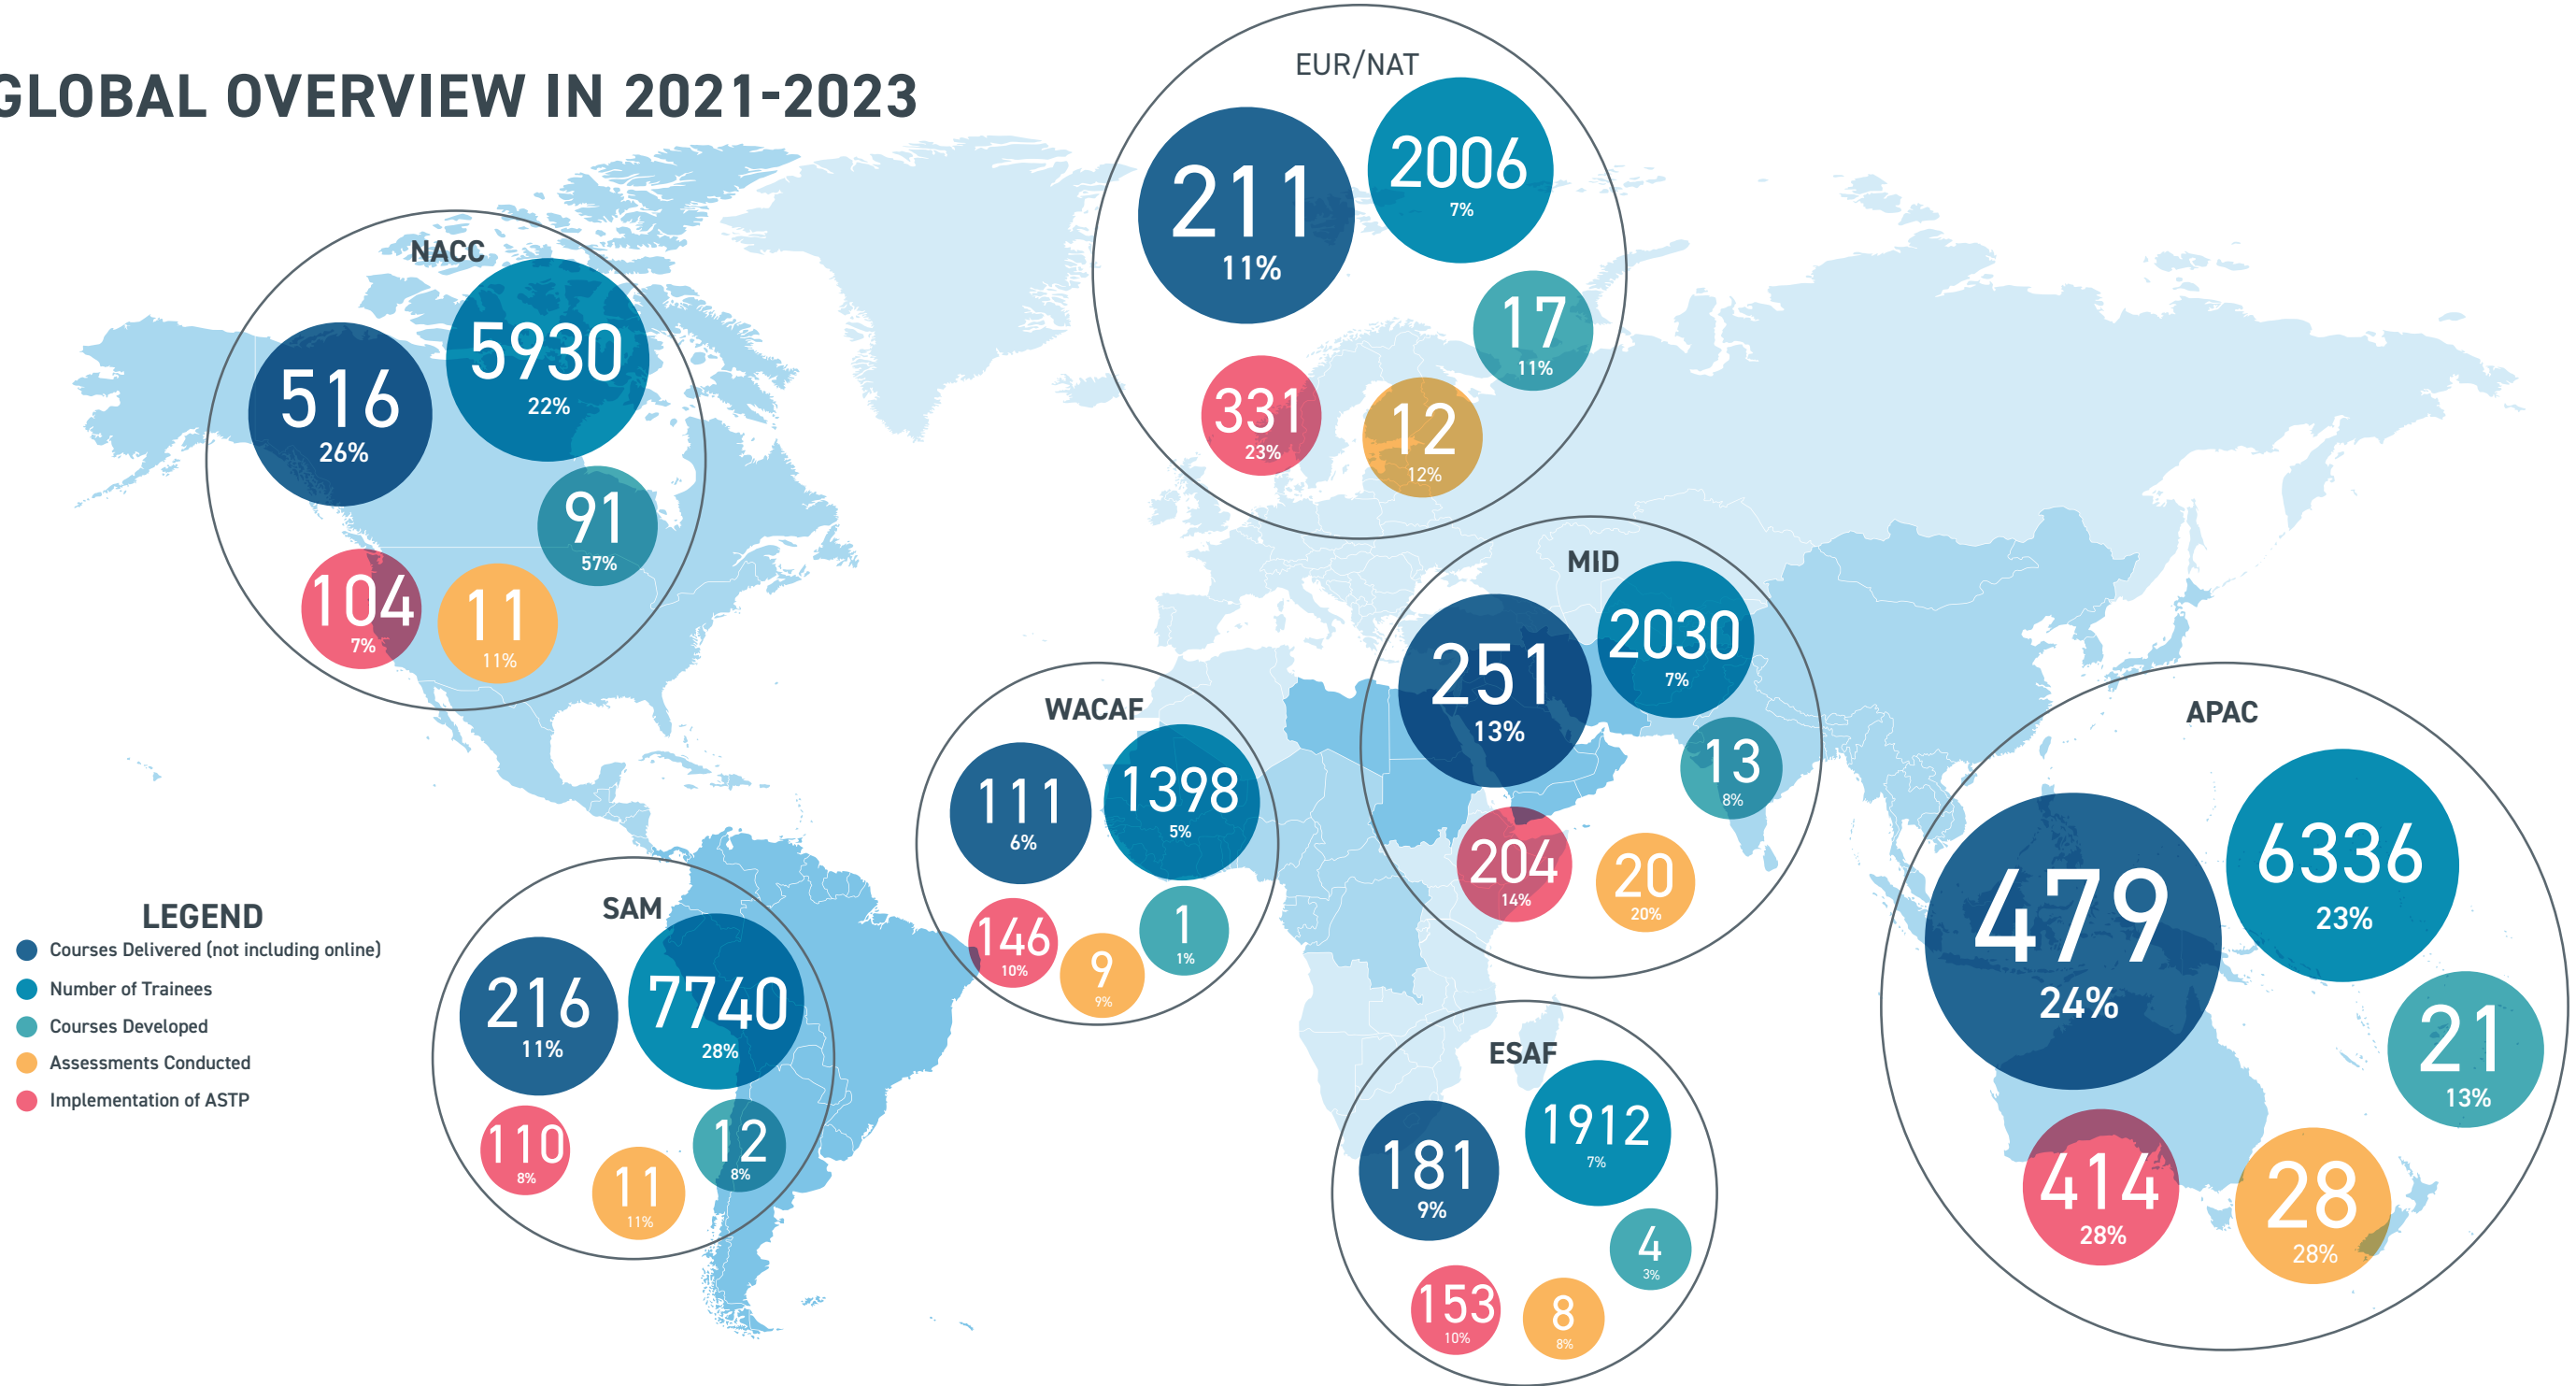

Argentina, Bolivia (Plurinational State of), Brazil, Chile, Colombia, Ecuador, Guyana, Panama, Paraguay, Peru, Suriname, Uruguay, Venezuela (Bolivarian Republic of).

Liaison carried out with:

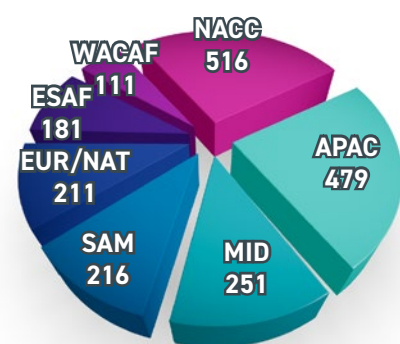

France: French Guiana
United Kingdom: Falkland Islands (Malvinas)*

* A dispute exists between the government of Argentina and the government of Great Britain and Northern Ireland concerning the sovereignty of the Falkland Islands (Malvinas).

GLOSSARY

ICAO Training: ICAO Training is the acquisition of knowledge and skills provided by ICAO and/or training organizations associated with ICAO issuing a certificate of completion or a certificate of achievement with the ICAO emblem or an ICAO programme emblem.

Competency-based training: Competency-based training is the approach ICAO recommends for training aviation professionals. ICAO aviation training is standardized, based on the analysis of competencies, job-oriented and material-dependent. TRAINAIR PLUS course developers follow competency-based training methodology to develop training courses.

Virtual Classroom Courses: Virtual Classroom Courses provide interactive learning experience in a virtual classroom. Participants can not only benefit from the real-time instructor-led training, but also engage in the live discussions and group activities, using online platform functions such as interactive polls, breakout rooms, etc.

INSTRUCTORS, SMEs and ISD VALIDATORS

TOTAL NUMBER OF INSTRUCTORS **307**

TOTAL NUMBER OF SUBJECT MATTER EXPERTS **64**

TOTAL NUMBER OF INSTRUCTIONAL SYSTEMS DESIGN VALIDATORS **33**

NEW INSTRUCTORS QUALIFIED PER YEAR

Classroom Courses: GAT has an extensive portfolio of face-to-face courses that are delivered in traditional format, led by an ICAO-qualified instructor in a classroom environment. Classroom courses are the only mode of delivery where access to technology and high-speed internet is limited, with no access to online and/or virtual courses. The delivery of the classroom portfolio is managed through the TRAINAIR PLUS Electronic Management System (TPEMS).

Online Courses: Online courses offer the flexibility of learning at one's own pace to achieve the goal of learning anytime, anywhere. In addition to knowledge acquisition, the interactive and engaging content can build a learner's professional competencies. Learners can benefit from ICAO's online courses across multiple subject areas, including Aerodromes, Air Transport, Air Navigation Services, Flight Safety and Safety Management. ICAO's online courses are hosted on GAT's Learning Management System (LMS). Upon successful completion of the exam, participants receive an e-certificate through the LMS.

ICAO aviation security training is one of the activities coordinated by the Implementation Support and Development - Security (ISD-SEC) Section in ATB. By the end of 2023, ISD-SEC managed the delivery of 39 ICAO-sponsored aviation security training activities, including two (2) virtual and 37 in-person training, divided into 18 aviation security courses, 17 aviation security workshops and four (4) ICAO aviation security instructor certification sessions. In summary, 30 ICAO-sponsored aviation security training activities have been conducted through the ASTC Network, benefitting 427 aviation security specialists from 90 Member States. There are currently 35 members of the ICAO ASTC Network based in 33 Member States, as follows: Argentina, Bahrain, Belarus, Cameroon, China, Colombia, Dominican Republic, Ecuador, Egypt, France, India, Indonesia, Jordan, Kazakhstan, Kenya, Lebanon, Malaysia, Mexico, Morocco, New Zealand, Nigeria, Republic of Korea, Russian Federation, Saudi Arabia, Senegal, Singapore, South Africa, Tanzania, Trinidad and Tobago, Tunisia, Ukraine, United Arab Emirates, and United Kingdom. Of the 35 ASTCs from 33 Member States, 19 ASTCs are also members of the TRAINAIR PLUS Programme (TPP), as follows: Argentina, Cameroon, China, Colombia, Ecuador, Egypt, France, India, Indonesia, Jordan, Kenya, Mexico, Morocco, Republic of Korea, Saudi Arabia, Senegal, Singapore, Tanzania, and Tunisia. Under the Working Arrangements between the GAT and ATB for the Harmonization of the ICAO Aviation Security Training Programme, the coordination of the ASTC Network will remain under the purview of ISD-SEC. Any new applicants to the ASTC Network must first join the TPP. ISD-SEC will conduct AVSEC-specific assessments following a training centre's recognition as a TPP member. In addition to the above, through ICAO's aviation security assistance programme, further training courses and workshops are provided around the world on a continuous basis. They are provided in response to the requirements of Member States and are coordinated by the ICAO Regional Offices and ISD-SEC. They are delivered using the materials and instructors managed by ISD-SEC.

SAM	1	Aseguramiento de la Calidad en el Mantenimiento Aeronáutico	Flight Safety and Safety Management

GLOSSARY

ICAO Training Package (ITP) / (MITP): An ITP is a training package produced by ICAO or a Regional Training Centre of Excellence (RTCE), in accordance with the ICAO Training Development Guide, Competency-based Methodology (Doc 9941) or an equivalent ISD methodology.

Compliant Training Package (CTP): A CTP is a training package that complies with ICAO Standards and Recommended Practices (SARPs) and guidance material. It is presented as a fully documented and tested comprehensive package of training material that reflects the current technological and operational requirements specific to a particular training topic, ICAO SARPs, Annexes and guidance material an ICAO training objectives, complements existing ICAO training, and makes a significant contribution to aviation capacity building.

Partner Training Package (PTP): A PTP is training material produced in partnership between ICAO and the training arm of a Corporate Member, industry partner, or educational institution, in accordance with the ICAO Training Development Guide, Competency-based Methodology (Doc 9941).

PTPs are presented as fully documented and tested comprehensive packages of training material that comply with ICAO SARPs and policies, help achieve ICAO training objectives, complement existing ICAO training, and make a significant contribution to aviation capacity building.

Standard Training Package (STP): An STP is a competency-based training package developed by TPP Members, using Member State's or industry requirements with operational content. An STP is produced in accordance with the ICAO Training Development Guide, Competency-based Methodology (Doc 9941). It is self-contained, material-dependent, and validated by the TRAINAIR PLUS Programme. The package includes instructor material, trainee material, as well as relevant documents on how the course was developed.

ICAO Assessment of Training Centres: Per the ICAO Civil Aviation Training Policy, TPP recognizes training organizations through an assessment process. Upon application to TPP, training organizations shall be assessed by ICAO, according to the specific requirements of TPP. Only training organizations compliant with such requirements shall be recognized as TPP Members. TPP Members are reassessed every three years and before the end of the validity period of the TPP certificate to ensure that they comply with the terms of the TPP membership. Reassessments allow ICAO to maintain an oversight on TPP activities of the TPP Member, thus ensuring all Members continue to meet the established requirements.

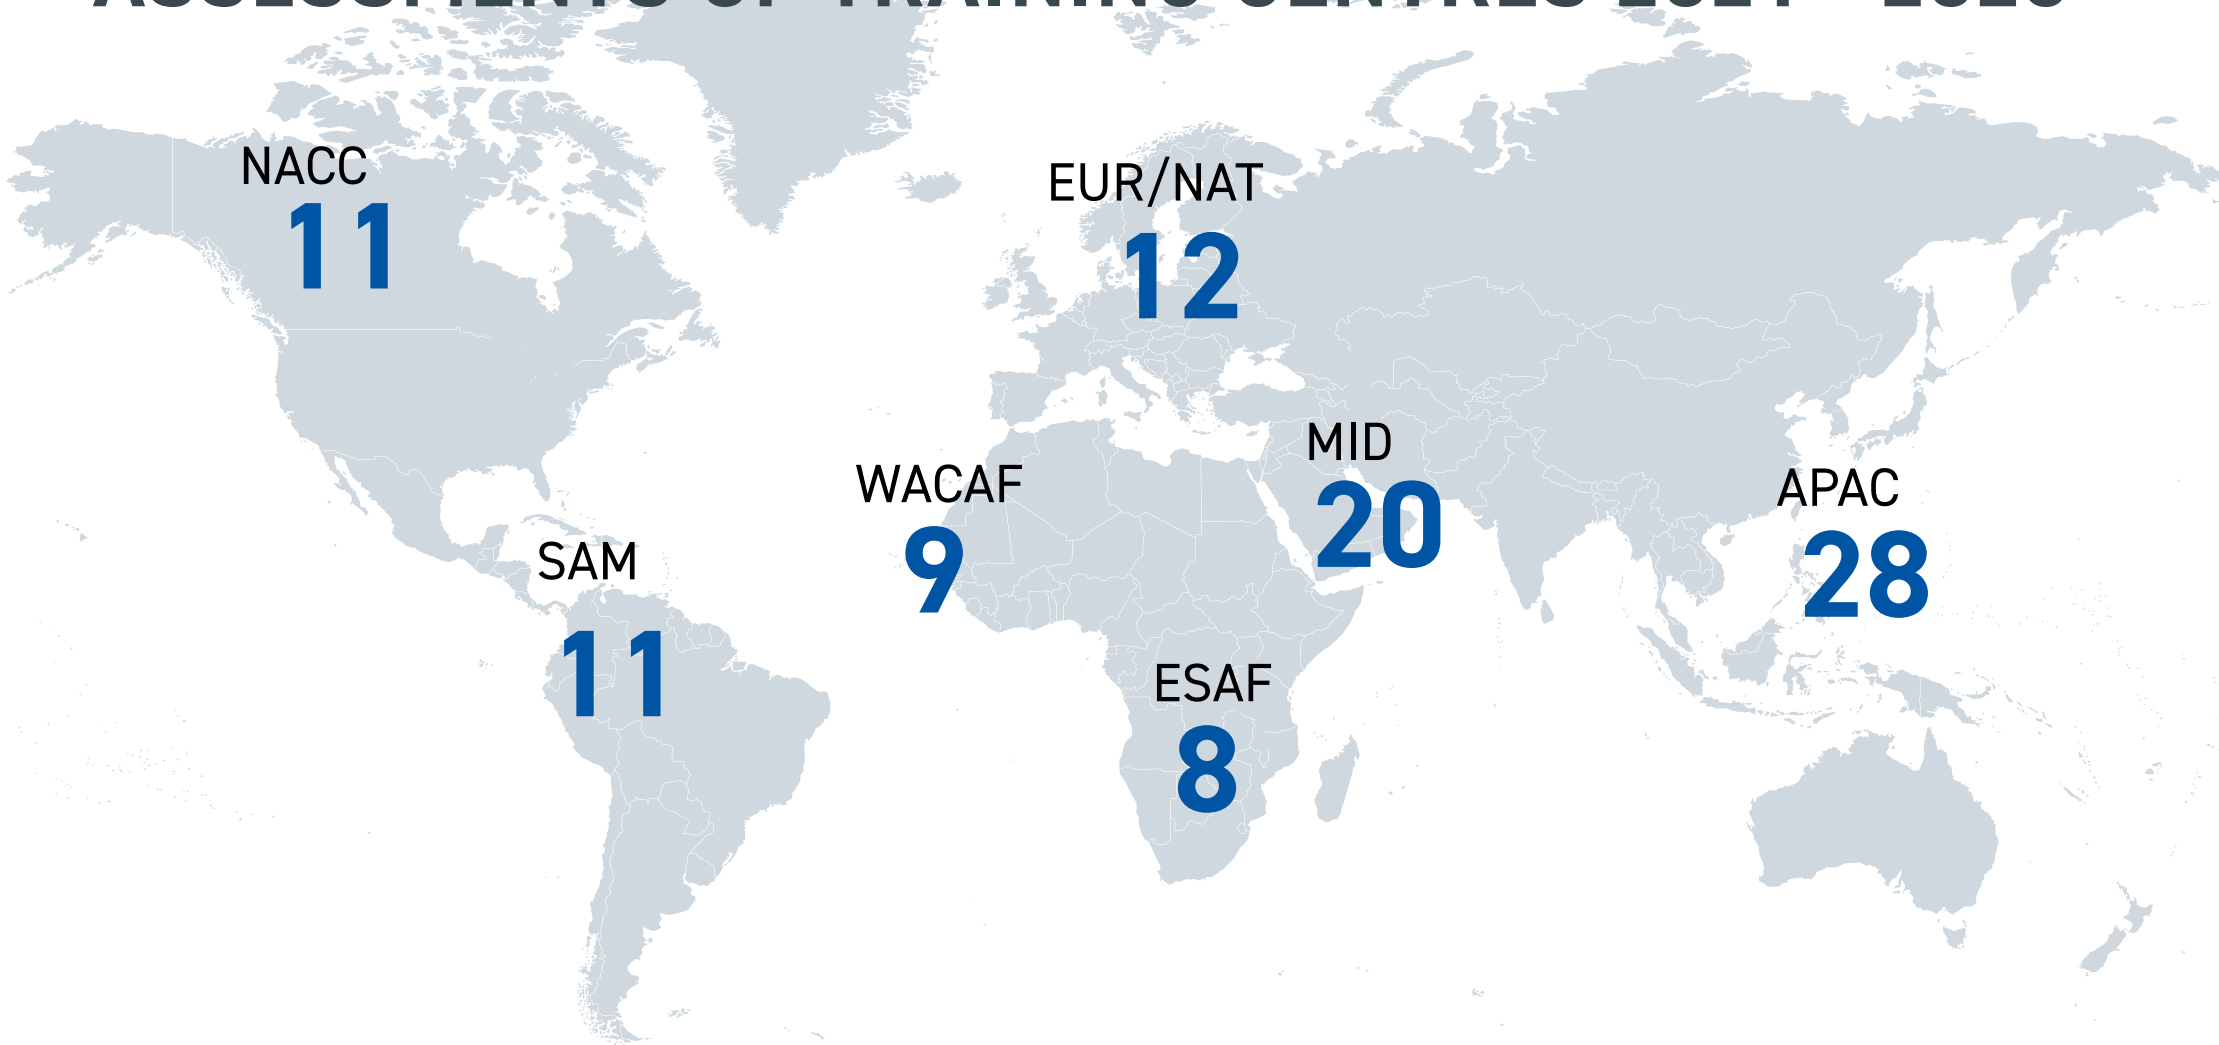

ASSESSMENTS OF TRAINING CENTRES 2021 - 2023

Region	Training Centre	Country

GLOSSARY

TPP Membership: ICAO recognizes aviation training centres through the TRAINAIR PLUS Programme (TPP) with the aim of improving the safety and efficiency of air transport through the establishment, maintenance and monitoring of high standards for training and competency of aviation personnel on a worldwide basis and in a cost-effective manner.

Partners: Universities, regional and international aviation-oriented organizations, public institutions, aviation agencies and industry companies that develop and deliver a TRAINAIR PLUS Partnership Training Package (PTP) to respond to global and regional training needs and support the implementation of ICAO SARPs and aviation global plans.
