Repurposing Aircraft Passenger Cabin for Transport of Cargo

Key Competency Course

This interactive online course based on an ICAO webinar in the COVID-19 pandemic, provides comprehensive and up-to-date guidance for the implementation of the Transport of Cargo in the Passenger Cabin (TCPC) including specific ICAO Provisions, considerations for regulatory approval, and examples of best practices from Member States and other organizations.

COURSE OUTLINE

The course has three main components: a comprehensive webinar presentation given by an ICAO officer, essential supporting documents and the related ICAO website, and specific recommendations from ICAO officers.

COURSE MODULES

- Course Introduction
- Unit 1 - General considerations for the TCPC
- Unit 2 - Best practices for the TCPC
- Unit 3 - ICAO Provisions related to the TCPC
- Unit 4 - Guide to ICAO Covid-19 Operational Safety Website
- Unit 5 - Question and Answer Session
- Course Summary
- Final Exam

LEARNING OBJECTIVES

After completion of this online course, participants will be able to:

- analyze issues related to TCPC;
- explore solutions to common questions identified by other aviation professionals.

TARGET POPULATION

Aviation professionals involved in regulatory approval, industry standards and business solutions working at:

- Civil Aviation Authorities;
- Airline Operators;
- Air cargo services providers;
- Other sectors of aviation industry.

STRUCTURE OF THE COURSE

Duration: 2 hours

Delivery Mode: Online

Language of instruction: English

CERTIFICATE

This online course is hosted on the ICAO Learning Management System (LMS). Upon successful completion of the exam, participants will receive an e-Certificate through the ICAO LMS.
