

## **Jiayi Liu**

Mr. Jiayi Liu is the resource mobilization training specialist with the Global Aviation Training Section of the Technical Cooperation Bureau of ICAO. Mr. Liu is mainly in charge of the development and delivery of training projects funded by ICAO Member States. In recent years, these training projects have awarded scholarships to nearly 1,000 nominees from over 120 Member States for their participation in ICAO training courses.

Before joining ICAO, Mr. Liu spent over a decade with Beijing Capital International Airport Company with his last role as the aeronautical business planning manager.
