Training Instructors Course (TIC) - Part 1 Online

The TIC will enable participants to methodically prepare and conduct training courses in accordance with ICAO's Instructor Competencies Framework and develop the required training strategies for course delivery. The TIC will train instructors to deliver Standardized Training Packages (STPs) based on the TRAINAIR PLUS methodology, as well as conventional courses.

▶ LEARNING OBJECTIVES

Upon completion of the course, participants will be able to accomplish the following:

- prepare a training environment including facilities, equipment, and instructional aids;
- manage trainees by using effective training strategies;
- conduct training with a variety of instructional methods;
- perform trainee assessments appropriately, objectively, and correctly;
- perform course evaluations effectively; and
- complete training reports for course improvement.

▶ TARGET POPULATION

- Pre-service and in-service instructors with little or no formal training background.
- Aviation training instructors and aviation professionals who are dedicated to the delivery of competency-based training programmes.
- Subject matter experts and specialists who wish to upgrade their instructional competencies.
- Current instructors who wish to refresh and upgrade their instructional competencies.

▶ STRUCTURE OF THE COURSE
