

EASA project's experience in CORSIA implementation – Letter of Authorisation

Your safety is our mission.

Approach to support CORSIA Implementation

Facilitating CORSIA Offsetting

Civil Aviation Authority, Ministry of Transport, Aeroplane Operator

Ministry of Environment, Climate Change Committee

Project Developers, Departments, Aeroplane Operator,...

Estimating CEEUs
1st, 2nd phases

- CORSIA-MRV
- Traffic projections
- CORSIA implementation

CEEUs in State?

Units allowed for CORSIA

Issue Authorisation and Corresponding Adjustment

Purchase CEEUs in open market

- Carbon exchanges
- Programmes Registries
- ...

Intention to develop local CEEUs?

Search for adequate CORSIA Eligible Programme to develop CEEU Project

- CORSIA implementation elements
- Programme's methodologies

Timelines

CORSIA FIRST PHASE-: 2024-2026

CORSIA MANDATORY PHASE: 2027-2035

January 2024 beginning of the CORSIA FIRST PHASE (85% of 2019 baseline, SGF)

January 2025: Publication of re-application form and appendices for re-assessment+ 2025 Call for application for programme

mandatory phase (first 3-year compliance period with new Guidelines for Interpretation of the Emissions Unit Criteria)

November 2024: Result of the 2024 Call for application for programmes to be eligible for the first phase (TAB to recommend to the ICAO Council)

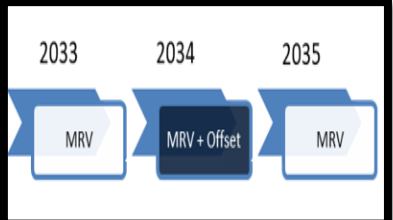

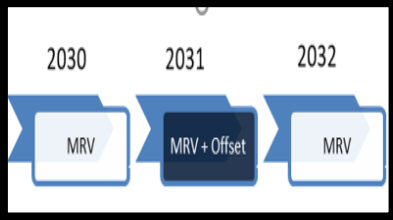

2026: First call for applications for eligibility for the **2027- 2029 compliance period** (programmes to consider updated Guidelines for Interpretation of the Emissions Unit Criteria)

31.12.2025: end of the CDM methodologies

Project Development ~2 years

Credit issuance 3+ years

New Methodology ~2/3 years

From our experience

- Ensure sound MRV implementation
- Deploy adequate legal framework for CORSIA
- Establish a common understanding with CORSIA-related stakeholders
- Discuss and agree the countries strategy for CORSIA implementation in the global context (ICAO, UNFCCC)
- Establish governance and coordination mechanism to follow and adjust the implementation strategy decided

Regional and National Workshops in Africa

**Thanks to all the countries engaging in
the last 6 years... EU SASA Project about
to start potentially enabling additional
support to CORSIA**

Your safety is our mission.
