**THE FIRST MEETING OF AERONAUTICAL
COMMUNICATION SERVICE (ACS)
IMPLEMENTATION CO-ORDINATION GROUP
OF APANPIRG (ACSICG/1)**

Seoul, Republic of Korea, 13 - 16 May 2014

**Agenda Item 2: Review outcome of APANPIRG/24 on Implementation of Aeronautical
Communication Facilities and Services**

**REVIEW TERMS OF REFERENCE OF ACSICG
AS ONE OUTCOME OF APANPIRG/24**

(Presented by Secretariat)

SUMMARY

This paper reviews the Terms of Reference Aeronautical Communication Services Implementation Coordination Group.

1. Introduction

1.1 APANPIRG/24 meeting held in June 2013 in Bangkok made following Decision:

***Decision 24/31 - Aeronautical Communication Services Implementation
Coordination Group – (ACSICG)***

That,

*a) the name “ATN Implementation Coordination Group” be replaced by
“Aeronautical Communication Services Implementation Coordination Group”
and*

*b) the revised TOR of ACSICG provided in **Appendix B** to the Report on Agenda
Item 3.4 be adopted.*

1.2 The Terms of Reference revised for ACSICG is provide in the Attachment to this paper.

2. Discussion

2.1 The State Letter informed States of the change as part of letter of invitation to this meeting (Ref. T8/2.11 T8/2.21:AP030/14 (CNS)) was issued on 7 February 2014.

2.2 Considering the need to be in line with recommendations of AN Conf/12 on Aeronautical Fixed Service (AFS) and development of System Wide Information Management (SWIM) and requirements to provide communication and information management services for operational needs, APANPIRG agreed on the proposed name change of the group and adopted Decision 24/31.

3. Action by the Meeting

3.1 The meeting is invited to review the attached Terms of Reference of ACSICG and discuss the new direction given by APANPIRG in fields of Aeronautical Communications Services.

APANPIRG/24
Appendix B to the Report on Agenda Item 3.4

REVISED TERMS OF REFERENCE FOR ACSICG

Name and Terms of Reference

Name: “ATN Implementation Coordination Group (ATNICG)” be replaced by “Aeronautical Communication Services Implementation Co-ordination Group (ACSICG)”

Terms of Reference (TORs)

Complete implementation of Asia and Pacific (APAC) Aeronautical Communication Network (ATN) and ensure the underlying communications backbone continues to support the evolving ICAO operational requirements for the exchange and management of aeronautical information and data.

Composition

The Group will be composed of experts nominated by ICAO member States/Administrations in the Asia and Pacific Regions.

Reporting

The Group will present its report to APANPIRG through the CNS Sub-group.
