SMS/SSP WORKSHOP
"PRAGMATIC APPROACH"

Martin Eran-Tasker
Technical Director
ICAO APRAST/7
Bangkok
31 August 2015

APRAST Task SSP & SMS

Decision APRAST 6/13

Report para 6.2.6 – SEI WG Breakout session
Develop a concept to support the implementation of SMS for service providers and SSP for States/Administrations to be presented at APRAST/7.

Decision APRAST 6/8

Report para 6.2.3 – SEI WG Breakout session
APRAST organize a workshop in conjunction with the APRAST/7 meeting to share experiences on SSP and SMS, with a workshop format that is interactive, involves group exercises and allows for all participants to attend both SSP and SMS presentations.

Workshop Structure

Five sessions: Conducted in four 90 minute session blocks and the final 30 minute session

Session 1: Workshop objectives and structure
