ASIA/PACIFIC AERONAUTICAL SAR CONTACT LIST

(Presented by the Secretariat)

SUMMARY

This paper presents the Asia/Pacific Aeronautical SAR Contact List.

1. INTRODUCTION

1.1 During APSAR/TF/1, an Asia/Pacific Aeronautical SAR Contact List was developed as a result of WP09 from Australia. The Task Force recognized it was useful to establish a relevant list of SAR Contact Officers or positions for each State.

1.2 The nominated Contact Officer should preferably be a SAR manager or senior SAR qualified person who would respond in a timely and effective manner with coordinating aeronautical SAR operational (non-emergency) and administrative matters between their organizations and the APSAR/TF and/or Regional Office as appropriate.

1.3 The contact list should not be confused with any listings of SAR Point of Contacts (SPOCs) which are used for 24 hour SAR emergency contact purposes associated with RCCs and the COSPAS-SARSAT distress beacon system. The contact details should also not be those used for emergency communications with RCCs.

2. DISCUSSION

2.1 The Asia/Pacific Aeronautical SAR Contact List is provided in **Attachment A**.

3. ACTION BY THE MEETING

3.1 The meeting is invited to:

- a) note the information contained in this paper;
- b) discuss any relevant matters as appropriate; and
- c) update the Contact List.
