

APRAST 8

Global Safety Information Project (GSIP)

Update

FOCUS GROUP PURPOSES

- 12 Focus Group Meetings conducted during 2015 across the Pan America and Asia-Pacific regions
- Purpose:
 1. to gather some initial high-level information on the types of data collected, and
 2. understand how that information is collected, processed and used to pro-actively manage any identified safety risks.

FOCUS GROUP CONCLUSIONS

- Conclusion:
 1. There was broad consensus on the value of the data
 2. Aviation leaders need to promote more information sharing initiatives
 3. There should be some structure and definition for analysis from basic to complex
 4. More is needed with how to conduct analysis, and
 5. Safety Information Protection is and must be embedded in layers across many processes

- Two-day workshops
- Purpose:
 1. Introduce attendees to toolkits developed to assist with the introduction of voluntary reporting systems
 2. Will include discussion on the protection of safety information including legal protection
 3. Assess ways in which safety information sharing can be more broadly initiated and adopted regionally

GSIP WORKSHOPS 2016

Singapore	Wednesday, 16 March 16	Wednesday, 16 March 16
Sydney, Australia	Tuesday, 22 March 16	Wednesday, 23 March 16
Santiago, Chile	Tuesday, 29 March 16	Wednesday, 30 March 16
Sao Paulo, Brazil	Wednesday, 13 April 16	Thursday, 14 April 16
Tokyo, Japan	Thursday, 14 April 16	Friday, 15 April 16
Hong Kong, PRC	Tuesday, 19 April 16	Wednesday, 20 April 16
Kuala Lumpur, Malaysia	Wednesday, 11 May 16	Thursday, 12 May 16
Jakarta, Indonesia	Tuesday, 17 May 16	Wednesday, 18 May 16
Lima, Peru	Wednesday, 8 June 16	Thursday, 9 June 16

Getting Involved

Interested in participating? Please fill out this form for more information.

What is a Stakeholder?

The job involves one or more of the following:

- ✓ Designing the most efficient and effective ways to collect safety data (SDCPS) for your organization
- ✓ Involvement in decision-making regarding SDCPS and the risk information from that data
- ✓ Building better ways to analyze safety data
- ✓ Working collaboratively across your organization or industry with SDCPS
- ✓ Defining your organization's safety management system
