

ICAO, with the support of International Coordinating Council of Aerospace Industries Association (ICCAIA), invites:

CAA/ANSP and military managers/experts involved in SWIM strategy/planning/implementation;
Experts experienced in planning or implementing SWIM services;
SWIM solution/product providers

To participate in the APAC/MID Regional SWIM Workshop, where they will:

Engage some of the leading companies in the global SWIM industry;
Learn implementation guidelines for SWIM through presentations and demonstrations compliant with the ASBU methodology (B1-SWIM) from Member States who have shown proven success;
Share their successes, perspectives, and challenges in SWIM implementation with the greater community

Benefits to attendees:

CAA/ANSPs will better recognize the benefits SWIM offers and be more prepared to realize them in a timely, cost-effective manner;
Industry experts will better comprehend challenges states face so they can respond with the needed expertise, products, and services;
ICAO can align its resources to yield a globally harmonized SWIM network that more quickly delivers greater operational efficiencies to users

Logistics: 16-18 May 2016 at the ICAO Regional Office, Bangkok, Thailand

Cost: The workshop is free of charge and lunch is provided

Space is limited, so secure your place early:
